Dear Mrs Hatton,

We OBVIOUSLY need a 3D Pens!

Firstly, it will help us learn. In addition, it will help us write words without pencils.

My next reason is they don't cost much money. In addition because they don't cost that much money

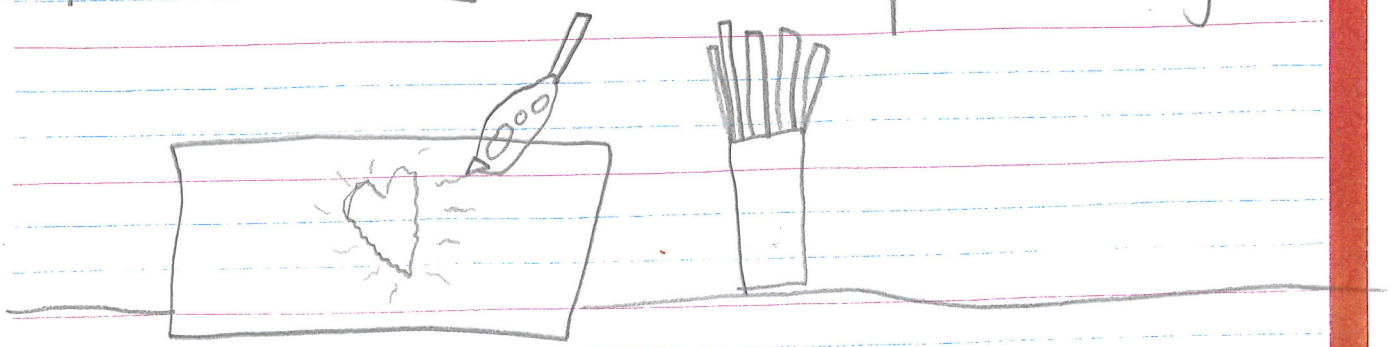

twinkl.com

we will still have money for our schooli and it's surrondings.

Finally, it wont make much mess. For example you and all of the teacher's wont have to clean AMYTHING.

In conclusion it will

help everybody with their learning, they are cheap AND it will keep the classroom neat and tidy.
PLEASE PLEASE PLEASE PLEASE CAN We HAVE SOME 3D PENS For ST EDWARDS SCHool!
From Elizabeth pichering.
