Tuning in to Kids

Tuning into Kids - 4 sessions

A four session parenting program for parents of children aged 2 –12 years old

Would you like to learn how to:

- be better at talking with and understanding your child?
- help your child learn to manage their emotions?
- help to prevent behaviour problems in your child?
- teach your child to deal with conflict?

Children with higher emotional intelligence: have greater success with making and keeping friends, have better concentration at

school, are more able to calm down when upset or angry, tend to have fewer childhood illnesses.

Emotional intelligence may be a better predictor of academic and career success than IQ!
