

SWAT – Student Wellbeing Action Teams

SWAT is for young people who are in their last few years of high school and are keen to take leadership to the next level.

SWAT will help you to uncover your strengths and use your new skills to lead a wellbeing project in your school!

Each year the SWAT program is open for a select number of Year 10 and VCAL students from Maroondah.

Students will participate in a one day summit, a two night retreat and project work in their schools.

For more information, speak to your Year 10 Coordinator or contact Youth Services.

Want to develop your leadership skills?
