### **University of Sydney - ARTiculate social media**

**Oct 19, 2022 11:30 AM**

Teenagers’ use of internet, mobiles and social media has brought about moral panics and collective concerns about the potential harms posed by digital technologies. These panics encompass potential risks ranging from pornography, online predators, sexting, bullying and device addiction.

In this interactive lecture we challenge and critique risk-focused media narratives, noting that media panics have a longer history that precedes the internet. We explore the diverse ways that young people use social media for connection, self-expression, and identity construction, and ask: How can we ensure that young people can make the most of what social media has to offer? What are the various ethical issues that arise in online spaces? What does it mean to be a good digital citizen?

### **Westpac Young Technologists Scholarship – Plan ahead for 2023**

Students must enrol in an approved technology-related degree at one of five partner universities. Are you intrigued by technology and how it can change the world for the better? Westpac Young Technologists Scholarships are designed specifically for high school graduates who are passionate about technology and eager to explore its potential for good. We're looking for curious young minds, open to new ideas and untapped opportunities. For starters, there's funding. You could get \$5,000 per year over three years to really inspire your thinking. But that's just the start. We'll help you develop into a stronger leader through the Disruptive Leaders Program, which includes five days in Asia as part of an international learning experience (pending no travel restrictions). You will also have access to paid internships and inspiring mentors. Best of all, you'll become a lifelong member of the Westpac 100 Scholars Network; an inclusive group of some of the brightest young minds in Australia.

<https://scholars.westpacgroup.com.au/scholarships/young-technologists/>

### **C.A.S. Hawker Scholarship**

**Applications open 5 December 2022**

**close Friday January 6th, 2023.**

The scholarship normally covers the full cost of residential fees for a period of up to three years. The average figure is \$60,000 over three years.

Selection is based on personal qualities as well as academic ability. Successful applicants are capable of demonstrating their potential as a future leader and the contribution they have made to their school and wider community. Preference is given to applicants aspiring to a career in public affairs, politics and / or community service. Students from regional areas are encouraged to apply.

Applications open in early December after year 12 results are known and close in early January, to allow successful applicants to commence their university year. Short listed applicants are required to attend an interview with the Trustees in late January. Depending on circumstances, the interview may be via video conferencing. Applicants are advised of the status of their application by early February.

**Eve Kiernan, Joe Evans & Paul Bollard (Careers Advisers)**

Bond University's Year 12 Early Guaranteed Offer Scheme recognises the challenges students have faced over the past few years of senior schooling. Eligible students can receive an offer to study at Bond in 2023 before final ATAR or IB Diploma results are released, providing certainty about your future study options.

Complete Bond's direct online application, submitting results from your Semester 1 (Term 1 and Term 2) Year 12 report, as well as your full Year 11 report card.

Bond University will assess your application and high school grades against the minimum entry requirements for Bond's undergraduate\* and diploma programs.

If you meet the entry requirements, you receive an early offer for 2023 January, May or September intake - that guarantees entry into your Bond program, conditional on the completion of Year 12 and meeting any subject prerequisite requirements for your program.

When you successfully complete Year 12 and pass any prerequisite subjects, your offer becomes unconditional and you are officially a Bondy!

## **Private Colleges**

### **Sydney Actors School Applications now open for 2023**

Applications to Sydney Actors School are now open for the January 2023 intake. Australia's premiere acting school has a clear vision; the school is about providing the most personalised, hands-on practical training in acting in the world. Sydney Actors School employs' industry professionals with real credits. Many institutions will offer "industry professionals" as lecturers, however they have not worked at significant levels in the international film and TV industry. Our lecturers have had major impact in their chosen fields e.g. Philip Quast, Kevin Jackson and Julia Cotton. This is why many of lecturers' are also the chairs and presidents of the guilds for their industry bodies.

We are very selective across all disciplines. Entry to our accredited programs is by a strict audition and interview process. Our goal is not to fill seats with students and promise the world – we are serious about assisting students to launch their acting careers. This is why we have very limited enrolments and a thorough audition and interview process to gain enrolment into our acting courses

### **7 Tips to Take You a Step Higher in Your Nursing Career**

Now that you have fulfilled the requirements to become a registered nurse, part of your duties will be caring for patients and making the world a better place. The beauty of nursing is that it offers a wide range of career descriptions. You do not have to be a resident-based nurse after your studies. You can still explore other nursing-related career options, such as tutoring or consultancy. Whether you are a budding nurse looking to become recognized for diligent service or are a nursing veteran ready to tackle new changes, there is still a chance to progress in your career. Here are a few tips to help you do that.

### **Things to do in a Gap Year. What to consider**

Taking a gap year is an opportunity for you to gain independence, have adventures, and learn practical skills. And there are many things to do in a gap year that'll also look great on your resume.

Planning your gap year carefully will allow you to get the most out of your time. Creating a structured gap year plan means you'll have the time to tackle the big questions in life while you gain practical experience, and get to try out different career options in a real-world context. You might even discover a new passion, or confirm that the path you were considering is the right one for you. Make the most of your gap year by choosing a volunteer or internship program that fits your interests and goals. And rest assured by choosing from the best gap year programs that offer a safe and meaningful travel abroad experience.

### **Vision Australia Further Education Bursary**

#### **Applications close 30 September 2022**

Each year, Vision Australia awards Further Education Bursaries to a select number of students who are blind or have low vision.

The bursaries provide adaptive technology to help the students fully participate and succeed in their chosen studies.

Assistive technology can eliminate barriers to education and enhance access to information. It enables students to read course material, conduct research and improve their student life.

Since the inception of the bursary scheme in 1996, more than 440 students have been supported in their further education journey.

## **Get into Surveying**

In order to let students know more about the surveying profession, it helps to have resources at hand.

We have put together a range of material that will help communicate what surveying is, as well as the need for more surveyors entering the industry. Surveying is an exciting field of study that will greatly appeal to any students you know who love subjects like maths, geography and IT – and anyone who likes the idea of working outdoors a lot of the time. If these resources help you reach those students, then that is a great success.

**Invaluable Safety training - Prepare your students for life on the road - The Lemon Car**

Many schools have already taken advantage of this important life skill service for their students, The Lemon Car is a fun, interactive and informative road & vehicle safety education program which travels to high schools in New South Wales, Victoria and Queensland educating young drivers about the importance of proper vehicle safety and maintenance.

Students from years 10 to 11 are shown how to spot commonly overlooked yet potentially dangerous defects. The ultimate goal of The Lemon Car is to inform young drivers about road & vehicle safety, help them save money and hopefully reduce the number of road accidents caused by faulty and illegally modified vehicles.
