

Student Name: _____

Grade: _____ Date: _____

**HOUSE
RULES**

1. On the TV show “**HOUSE RULES**”, the contestants are given one full week to finish the work on their house. If they have used 4 days so far, how many more days do they have to finish?

2. The newest Royal baby has a very long name – “**Archie Harrison Mountbatten-Windsor**”. How many letters are there in that name? Is that an odd number or an even number?

3. The new “**LEGO MASTERS**” TV program has 8 teams competing. Each team has 2 people in it. So, how many competitors are there altogether?

4. The month of May has 31 days in it. The first day of May this year was a Wednesday. How many Wednesdays are there in May this year?

5. Bertie was watching “**SHAUN, THE SHEEP**” on TV at 7:45 am when the power failed. The power came back on at 7:58 am. How much of the program did Bertie miss?

6. Anna’s favourite pet shop had 23 budgerigars in a cage, ready for sale. She bought one, and then her friend Molly went along and bought 4 more. How many were left in the cage?
