

## Miss Fenwick's Class

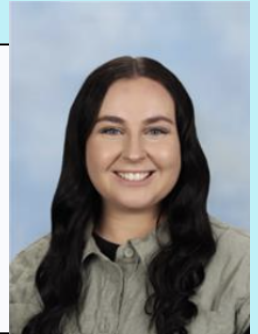

# TERM 1 NEWSLETTER

### Dear Parents and Guardians,

I hope that everyone has had a wonderful summer break and Christmas period. We are looking forward to hitting the ground running this term with many exciting events coming up! I look forward to collaborating with you going forward this year and building a supportive learning environment.

### Classroom outlook

#### Literacy

This Foundation students will begin learning through the InitiaLit program, a holistic approach that supports the development of strong reading and literacy skills. Our Grade 1 students will continue their learning journey with InitiaLit 1.

Students will also be introduced to a new program called InitiaWrite, which focuses on explicitly teaching the skills children need to become confident and capable writers.

#### Inquiry

In Inquiry this term students will be learning about Decision making and actions that they can make within the classroom and in their everyday life. We will be focusing on the importance of rules within our lives and the impacts our decisions may have.

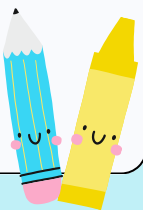

#### Maths

This term the Foundation students will be learning how to identify repeated patterns in shapes and colours. They will learn about time looking at days of the week and parts of a week. To finish off the term the Foundation students will learn about counting and place value of single digit numbers.

This term in Grade 1 students will begin with learning how to collect data by asking questions. They will then look at counting and place value where they will learn about numbers beyond 100. To finish off the term the students will identify different ways of addition and subtraction.

#### Religion

Throughout Term 1 in Religion students will be learning about the importance and different ways in which we can pray to God. In the lead up to Easter students will be learning about Lent and Easter and they will learn about the significance of Lent and Easter for Catholics.
