These three words of our motto reflect our core purpose and the values and principles that we hold dear.

### Purpose

The school's core purpose is to offer the widest possible range of experiences and educational opportunities for our students so that they may all have the chance to succeed. Our comprehensively planned and structured curriculum encompasses core discipline-based learning complemented by studies in the arts and physical education. The development of the whole child – socially, emotionally, academically, culturally and physically – is our aim. This occurs within a caring and supportive environment with the provision of the best facilities, resources and administrative support possible.

We encourage the children to take responsibility for their own learning, to be self-motivated and appreciate the intrinsic value of learning.

The school's vision includes

- Providing students with the most challenging, fulfilling and enriching primary school experience possible.
- Providing students with the opportunity to adopt and embrace positive personal and social values to allow them to function effectively in society.
- Preparing students to thrive in a rapidly changing and complex world.
- Preparing students to productively contribute, locally or globally, to improving our world.

We view a child's education as being the joint responsibility of the school, the parents and the child. To this end we encourage parental involvement in a range of areas and continually look at ways to enhance communication between school and home.

### Values

- Trust and Respect – Appreciate all members of the school community and work cohesively with them.
- Shared Purpose – Encourage achievement through application, commitment, enthusiasm, flexibility, teamwork, direction and cooperation. Share the effort and responsibilities when working towards common goals.
- Fostering Growth – Promote academic, social, emotional, cultural and physical development. Work towards achieving full potential within an encouraging and supportive environment. Acquire knowledge and skills through creative and meaningful experiences for all associated with the school.
