

# YEAR 6 2025 LEGACY MURAL

This year, The Year 6 students worked collaboratively with artist Deb McNoughton to create a vibrant legacy mural that will remain a lasting reminder of their time at Beaumaris Primary School.

Every student played a part in shaping the artwork, beginning with a whole-cohort brainstorming process where they shared ideas, sketched possibilities, and contributed meaningful design elements.

Guided by Deb's creative expertise, the students refined their concepts and learned new artistic techniques as they helped plan the final composition.

Together, they painted the mural, leaving their collective mark on the school and celebrating the creativity, teamwork, and memories that defined their primary school years.

# THE CREATIVE PROCESS
