## Transition Visit

On Thursday 23rd October, Ivanhoe Primary School welcomed Mr Pieter Oosterloo, the Transition Coordinator from Thornbury High School. Mr Oosterloo met with 14 of our Grade 6 students who will be attending Thornbury High in 2026.

During the session, students learned about what life at high school will look like — including subjects, timetables, uniforms, expectations, and school rules. They also had the opportunity to ask questions and gain a clearer picture of their upcoming transition.

This visit helped our students feel more confident and prepared for the exciting move to high school next year.
