

Calling for Care & Share Volunteers For 2014

The Care & Share Program requires a list of volunteers the coordinator can call upon if required. This program is designed to help out families within the school community who have been struck down with severe illness or hardship. When you put your name on the list of volunteers, you state what you are volunteering for eg. cooking, baking, gardening, child minding, shopping, walking the family dog, mowing the lawn, etc. A roster is made up and either emailed out to you or a hard copy is given to your eldest child via the classroom.

Normally you might be required to volunteer once every two months.

Even though you might already have your name down on the current list of volunteers, you will be required to fill out another form this year, as I need to update the list just in case you have left the school or changed your mind about volunteering.

If you have any questions about being a volunteer for this fantastic program, please don't hesitate in calling Amanda Daemen on 0412 329 605.
