

Mount Pleasant Road Primary School & Kindergarten

COMMUNICATION 2/6/22

Staff Professional Development Day:

On Friday the 10th June, Staff at Mount Pleasant Kindergarten will be attending a Professional Development day where we will be refining strategies and processes to support student learning and development.

This will be held on site and we will have replacement teachers covering permanent staff for the Budja and Dharug sessions.

Illness:

If staff or children are unwell, they are required to stay at home, unless those symptoms are known to be caused by an underlying health condition or medication.

Children and staff who are experiencing COVID-19 symptoms, however mild, should also undertake a RAT or a PCR test and quarantine at home until they receive a negative result. As influenza and colds are becoming more prevalent, even with a negative result, children and staff should avoid ECEC settings until their symptoms resolve and they are well again.

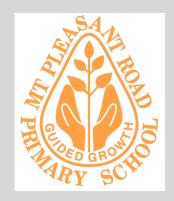

Winter Clothing:

As the weather get's colder, so does the need for appropriate clothing.

We afford the children opportunities to engage in the outdoor learning environment during each session, you can help your child in providing warm, weather proof jackets and appropriate footwear.

Please consider that your child will be managing their belongings and will need to carry these, could you support staff and your child in <u>naming</u> each item AND in making sure that your child's bag is large enough to accommodate extra belongings and creations please.
