Scroll to **Jacana School for Autism** under
Governance Training or scan the QR code below.

Can't attend?

Register for another ISG training event at:
www.synergistiq.com/councillortraining/

What do past participants say?

"I really enjoyed the training... succinct, worthwhile and accessible. It has given me the confidence to ask questions ... I now have a better understanding of my role ... I would encourage any school councillor to attend this training."

"Incredibly useful. If it can't be made compulsory, this training should at least be encouraged more strongly by Principals for new members in their first 6 months"

School for Autism** under
Governance Training

Governance

Governance training provides the foundation for a strong, cohesive school council team. This training covers:

- the key principles underpinning effective governance
- the different roles & responsibilities of school council and,
- how school council operates.

Who should attend?

- Principals and leadership staff
- School council members

The Department's ISG Training:

- was developed and is regularly updated by the Department to ensure it captures all relevant aspects of school council roles, responsibilities, and functions.
- is free – there is no cost to schools or participants.
- can be delivered either face to face at a host school, or virtually, live, via video conferencing software.
- is delivered by an experienced facilitator, knowledgeable in school operations and governance and with extensive school and education sector experience.
- can be delivered to a single school, a group of schools, network, LGA or region. State wide virtual (live) training is also offered.
