## What's been happening...

### Term 2 Nearly over!!

Hello to our families and children!

We have had a wild term, but we are nearly there less than two weeks to go until school holidays begin. There have been lots of changes this term and we can't wait to see what next term holds.

School Holiday's are approaching don't forget to book with OSHClub.

The children have been very busy here at OSHClub over the last two weeks doing lots of different activities and trying new things.

We have been focusing on arts and crafts and group activities to assist in developing creativity, fine motor, and social/communication skills. The children have been becoming very engaged in these experiences and have been taking charge with running and implementing most of them.

Lastly, we will be celebrating and bringing an awareness to pride month here at Oshclub focusing on the fact that everyone is different, and that it's okay. because love is love, and God accepts us as we are and as he made us.

That's all from us at OSHClub, Have a wonderful few week ;)
