

# What's happening in Hindi Community Language in Term 3?

This term, students have been engaging in Hindi CL lessons from home, for grades 1- 6. Learning from home has been quite different to face to face learning. Students engaged themselves by completing Seesaw activities and utilising resources available at home. Learning has been quite beneficial as students were able to practise the language and spend quality time with their families.

Here's a snapshot of the amazing work that we have been doing this term.

## Raksha bandhan

*We celebrated Raksha bandhan on the 22nd of August by creating pretty eco-friendly rakhis with resources available at home. We did an amazing job, didn't we ?*

## What's cooking?

*Year 3 are learning to write recipes in Hindi. What better way to learn the procedure by cooking.*

# Let's travel!

We travelled to a lot of interesting places of our choice, virtually ofcourse, during learning from home.
