

Wellington Road, Rowville

Upcoming works

We're improving safety for school children and pedestrians along Wellington Road in Rowville, as part of the Targeted Road Safety Works Program to deliver shovel-ready infrastructure projects and urgent road safety improvements in Victoria.

What we're doing

To make the road environment safer for pedestrians, cyclists and local school children from St Simon the Apostle Primary School, we're:

- introducing a new school speed zone Wellington Road, between Westminster Drive and Le John Street,
- installing four new electronic speed limit signs to help ensure the speed change is clearly visible to motorists

The speed will change from 80km/h to 40km/h during school drop off times (8am-9.30am) and school pick up times (2.30pm-4pm), on Wellington Road between Westminster Drive and Le John Street. Please see the map on the back of this letter.

Flashing electronic speed limit signs will remind drivers to slow down to 40km/h and to look out for pedestrians.

When to expect us

Signage installation works are expected to start on Monday 19 July and be completed by early August, weather permitting.

Crews will be on-site weekdays (Monday to Friday) between 9.30am and 3.30pm.

What impacts can I expect?

During works, drivers can expect the following disruptions:

- one lane at a time will be closed during works
- reduced speed limits in place for the safety of our crews

During the construction period, you may notice the electronic speed limit signs we've installed on Wellington Road are not operating. Please obey the speed limit displayed on the static signs, while we work to connect power onsite.

Why we're doing this

Infrastructure plays a vital role in keeping you safe on our roads.

By installing new safety features on Wellington Road in Rowville, we can improve pedestrian safety, prevent serious crashes from happening or reduce the severity of crashes when they're unavoidable.

Wellington Road will be made safer thanks to the \$314,000 investment through the joint Australian and Victorian Government Targeted Road Safety Works program.
