Domestic students: Provisional Summary of Procedures for 2019 entry to Courses in Medicine in Australia (MAKE SURE YOU VERIFY THIS INFORMATION)
Everything possible is done to ensure that this information is correct but you MUST confirm that information has not changed before you prepare your application.

Graduate Medicine:	Prospective students are generally selected using three criteria: GAMSAT (includes 1 st Year Biology and Chemistry and Year 12 Physics knowledge), GPA and an Interview (mostly MMI). In addition, the University of Melbourne requires a 4 th selection criteria: Anatomy, Physiology and Biochemistry on second year level. Monash University (Gippsland) requires an UG degree from Monash (most places allocated to Biomedical Science, with a few places for Pharmacy, Physiotherapy & Science –with designated units)
*	Graduate Medicine degree is open to Graduates only. Some of the universities offering these courses also offer limited Provisional Entry or pathways for school leavers , and generally these require you to do your Undergraduate studies through this university and meet all further selection criteria as set by each institution.
***	University of Notre Dame teaches medicine at its Sydney campus too; a number of CSP places are on offer - http://www.nd.edu.au/sydney/schools/medicine
Rural/Remote background	Please note that most Medicine degrees have an additional selection stream for students with a specifically defined Rural/Remote background. Further information is available on each institution's website.

International Students: Provisional Summary of Procedures for 2019 entry to Courses in Medicine in Australia (MAKE SURE YOU VERIFY THIS INFORMATION)

The following universities accept International Students into Undergraduate Medicine or offer pathways into Graduate Medicine. The entry requirements and timelines on the reverse are for local students. Selection criteria and application timelines for International students are often different. Please note that the closing dates for International Students are often much earlier. **If you are or will be** applying for Australian residency or citizenship you are advised to sit the **UMAT** even if it is not compulsory to do so. If residency or citizenship were to be granted before selection, students without a UMAT result would not be eligible (other than at JCU). For information regarding **ISAT** and test dates, please visit the following website: www.acer.edu.au/ISAT (one method of test preparation for the ISAT is doing the GAT). For information regarding **Personal Qualities Assessment (PQA)**, please contact the University of Adelaide at admissions.health@adelaide.edu.au (for preparation see <http://www.pqa.net.au/>)
