

Tutoring Positions Available With Study Monkey Tuition

Are you looking for a fun, flexible and highly rewarding role that pays well (up to \$41.50/hour + superannuation)? Consider being a 2026 tutor with us! We are currently seeking expressions of interest for **in-person** tutoring with us in Term 1 2026. We have positions available for all subjects in any year level from Prep - Yr 12, so have roles to suit most candidates. You do not have to be an academic superstar to apply. For younger students in particular, personality and people skills trump intelligence and school marks!

If you're even remotely interested, just put your name down and we can chat further about the positions that would suit you best after you graduate.

Why you'll love working for us!

- Competitive pay up to \$41.50/hour plus superannuation with a tiered pay system that allows you to quickly scale up to higher pay levels as you gain experience
- We provide a ton of support including providing comprehensive training to you before you begin so you'll know exactly how to structure your lessons if you've never tutored before! No prior experience is necessary
- We'll also call you each fortnight for a quick 5-10 minute chat that will allow you to get advice for how to approach your sessions & you can flag any questions you may have. If you are ever stuck for resources, our team can help source them for you and work to make your job as easy as possible
- Work on your own terms! We provide very flexible hours and can provide you with as little or as many clients/hours as you'd like. This is the perfect job for uni students or gap year students no matter your degree!
- Online and in-person tutoring options available (though we are currently **only** hiring for in-person tutors with no solely online opportunities)

Job Requirements:

- A positive, can-do attitude with a love for helping others
- Graduated/will be graduating from Year 12 at the end of 2025
- Willing to work a minimum of 5 hours per week
- A blue card. If you don't have one, this is fine as long as you are happy to apply for one if given the position
- **Reliable access to a vehicle & ability to travel to client homes local to you.** We do not hire tutors who have to rely on public transport, only want online work or who have to rely on other people to get them to lessons

How to apply:

- Complete the below google form. It only takes 5 minutes!
- <https://forms.gle/sizeSBeD46yFR96rz9>
- No need to submit a resume etc. at the moment while deep in the trenches of final exam prep
- Once we receive your response, our team will keep your submission on file and get in contact after graduation
- Expect to hear from us around mid November about next steps (our recruitment process includes a short video interview and then some onboarding training modules if successful after the interview)
- If you have questions in the meantime, contact us using the details below
