# Thinking about your future?

**Thursdays**

**28 May & 12 Nov**

**9:00am - 2pm**

More information and  
registration forms will be  
released in 2026.

**the  
Gordon**

**Skilling  
THE BAY**

## On the day...

- Bus transport where applicable will be provided from your home school to construction sites and the Gordon TAFE and return to your home school at the end of the day.

- Schools will need to provide accompanying staff for the day to ensure that students are appropriately supervised.
- All on site try-a-trade activities will be appropriately conducted meeting Worksafe and OH&S standards

- ALL students will be required to wear solid, closed-toed shoes (work boots are preferable), clothes that can get dirty, and have long hair securely tied up.

- Students will be asked to keep their phones turned off during site visits and to not to film building personnel.

## Benefits for students and teachers:

- There are more than 70 different careers available in the construction industry.
- Opportunities to discuss Work Experience (WE) and Structured Workplace Learning (SWL).
- Information on VET in Schools, School Based and Full-time Apprenticeships
- Construction jobs are in a projected growth phase.

 *The highlight of the Building Careers Geelong construction site tour was seeing live sites and how they work.*
