### **ANU Tuckwell Scholarship Information Session**

17 March

This information session will provide an overview of the prestigious Tuckwell Scholarship, including eligibility requirements, the selection process, important dates and the opportunities available to scholars beyond financial support.

<https://study.anu.edu.au/events/tuckwell-scholarship-information-session-0>

### **ANU Open Day**

28 March

Experience life at ANU and explore what your future could look like. On the day you can attend degree information sessions, speak with staff and students at the Study Options Expo, take guided campus tours, explore student accommodation and discover the vibrant ANU campus community.

<https://study.anu.edu.au/events/anu-open-day>

### **UNSW Experience Days – Registrations Open**

13, 14 or 15 April

Year 10 and Year 11 students are invited to attend UNSW's Experience Days. Through hands-on workshops run by different faculties, students can explore study areas and see what life is like as a UNSW student. The event on 13 April is designed for Year 10 students, while the sessions on 14 and 15 April are for Year 11 students. Invitations will be shared with students shortly.

### **UNSW Year 12 Medicine Information Evening**

11 March

Thinking about a career in medicine? Join this online information evening to learn more about the UNSW Bachelor of Medical Studies/Doctor of Medicine program. The session will cover clinical and research learning experiences, application and admissions requirements for 2027 entry, and entry pathways including Rural, Gateway and Indigenous schemes. You will also hear from academic staff, current students and advisors, with the opportunity to ask questions.

<https://www.events.unsw.edu.au/event/unsw-year-12-medicine-information-evening-1>

### **UNSW Health Sciences & Optometry Information Evening**

22 April

Designed for current Year 12 students interested in healthcare careers, this online event will introduce programs including Vision Science and Optometry, Pharmacy, Physiotherapy, Exercise Science, Exercise Physiology, and Dietetics and Food Innovation. The session will also explain entry requirements for 2027, available pathways such as Gateway and Indigenous entry, and provide insights into student experiences and career opportunities.

## **TAFE**

### **Getting the Most Out of an Electrical Apprenticeship**

Starting an electrician apprenticeship after high school can be a great pathway into the workforce. This guide provides helpful tips on how apprentices can maximise their learning and make the most of their training experience.

<https://www.necatrainng.com.au/how-to-get-the-most-out-of-your-electrical-apprenticeship/>

## **Electrical Apprenticeships – Career Pathways**

Considering a career in the electrical trade? An apprenticeship can provide hands-on training, practical experience and the opportunity to earn while you learn, often with less debt than university study. Learn more about potential career pathways in the electrical industry.  
<https://www.necatrainig.com.au/electrical-apprentices/career-paths/>

## **Private Colleges**

### **AIE Information Evening**

12 March

Interested in game development, film, 3D animation or visual effects? Attend the AIE Information Evening to learn about courses, industry career pathways and entry requirements. You will also have the chance to view student work and speak with staff and teachers about study options.  
[https://aie.edu.au/aie\\_event/information-evening/](https://aie.edu.au/aie_event/information-evening/)

### **ICMS Early Entry Applications Open**

Applications open 1 April

Year 12 students in 2026 can apply for Early Entry at ICMS to secure a place in a bachelor's degree before completing their HSC exams.

<https://www.icms.edu.au/event/early-entry-applications-open/>

### **Le Cordon Bleu – Changes to Hospitality Management Programs**

Students commencing the Bachelor of Business (International Hotel Management) and Bachelor of Business (International Restaurant Management) at the Sydney campus from May 2026 will complete a 12-month industry placement as part of their studies. The updated program includes four industry placements of 300 hours each, giving students valuable real-world experience and strengthening their career prospects upon graduation.

<https://www.cordonbleu.edu/news/new-changes-to-hospitality-management-programs/en>

## **General**

### **NSW Police – Application Process**

After completing the University Certificate in Workforce Essentials (UCWE), applicants may apply to join the NSW Police Force. The recruitment process includes background checks, physical and medical assessments, a panel interview and placement in an eligibility pool for entry into the Associate Degree in Policing Practice.

[https://www.police.nsw.gov.au/recruitment/application\\_process](https://www.police.nsw.gov.au/recruitment/application_process)

### **Pathways to Joining the Australian Federal Police**

The Australian Federal Police offer more than 200 different roles across a wide range of specialist areas. Explore the various entry pathways and learn how to apply for a career protecting Australian interests.

<https://www.afp.gov.au/jobs/pathway>

### **Finance Career Videos**

**Chartered Accountant** – Learn what it takes to become a Chartered Accountant and explore career opportunities in senior business and financial leadership roles.

<https://www.youtube.com/watch?v=J9rr5M4AxDM>

**Finance Broker** – Discover what finance brokers do and how they assist clients with lending and credit services.

<https://www.youtube.com/watch?v=5AcpozvFbmq>

## **Maths Careers in Science and the Environment**

Mathematics plays a vital role in scientific research across fields such as astrophysics, chemistry, biology and environmental science. Careers in this area involve data analysis, modelling and evidence-based decision making, helping address global challenges including climate change and environmental sustainability.

<https://careers.amsi.org.au/search-careers/science-environment/>

### **Australian Federal Police – PSO Online Information Session**

19 March

Learn more about the role of a Protective Service Officer (PSO) with the Australian Federal Police. Hear from current officers about their experiences and gain insights into the recruitment process and career opportunities.
