## School Vision Statements

**Corpus Christi School** - In seeking what is true, beautiful and good, we strive to build a Catholic school community where each is given time and support in learning to know, to do, to live together and to be.

**Annunciation** – a faith community striving for excellence and personal growth while providing an education that focuses on the future and meets the needs of today.

**St. Augustine's** - Our commitment to all members of our school community arises from the importance we place upon Jesus Christ and his teachings of love, justice, human dignity, forgiveness, joy and compassion.

We long to build a truly faithful Community: Where we enable all children to feel connected to school and find it a safe, nurturing place where they are seen as important and capable. Where we celebrate and encourage diversity in our community, school and classrooms. Where we encourage learning to be a lifelong process for all and where

we can make positive contributions to our world. Where we provide positive school and classroom cultures where children are central and where each individual is valued. Where we are active participants of the St Augustine's Parish. Where we work to build relationships and where respect for self, others and all things is central.
