What is a Paralegal?

A paralegal is an individual, qualified by education, training or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible. In other words, a paralegal works in the legal industry but is not a lawyer.

What is a Market Influencer?

According to the [Influencer Marketing Hub](#) website, *Influencer Marketing is now a mainstream form of online marketing.*

Influencers, unlike celebrities, can be anywhere. They can be anyone. What makes them influential is their large followings on the web and social media. So, a brand will work with a Market Influencer to market or promote one of its products or services. The Market Influencer will have a large following of subscribers and will improve recognition of the brand. They are the go-to people who provide the answers to people's questions about the brand they are promoting.

The Market Influencer is paid by the brand they are promoting.

AUSTRALIAN CATHOLIC UNIVERSITY

APAC-accredited Psychology double degrees at ACU

ACU offers two [Australian Psychology Accreditation Council \(APAC\)](#)-accredited psychology double degrees.

In the [Bachelor of Psychological Science/Bachelor of Criminology and Criminal Justice](#), students will come to understand the complex causes and impact of crime. Bachelor of Criminology and Criminal Justice explores the causes of antisocial behaviour and

develops the knowledge and expertise graduates need to make a valuable contribution in the criminal justice sector.

The Psychology program helps students to acquire knowledge, assimilate theories and concepts and develop applicable skills that are valuable to the enhancement of human functioning in a broad range of professional settings.

Together, this combined program provides students with the knowledge of both the legal system and knowledge of the human behaviour, providing ACU graduates of this course with a competitive edge in the justice sector.

In the [Bachelor of Psychological Science/Bachelor of Nutrition Science](#) students will gain insights into the motivations for eating behaviours, how habits are formed and ways to increase behavioural change through the Nutrition Science course whilst, at the same time, understand human functioning in a broad range of professional settings.

Combining the Bachelor of Psychological Science and the Bachelor of Nutrition Science allows for greater insights into both disciplines and, thus, benefits the graduates of the course. For instance, knowledge gained from the Bachelor of Nutrition Science can be applied by clinical psychologists working with eating disordered populations for better treatment outcomes. Or, health psychologists working with chronically ill populations, such as with people with heart disease or Type 2 diabetes, will benefit from knowledge in the area of nutrition science.

Engineers Australia

Engineering design is involved in almost every item we use each day, from our toothbrushes through to the vehicles we drive, the computers we use, the buildings we work in, the medicines we take and the healthcare we experience. Engineering is a broad and exciting field with a diverse range of career paths following graduation. We encourage students of all ages to consider and pursue a career in STEM and engineering.

Engineers Australia is the trusted voice of the engineering profession, which is committed to creating solutions to make the world a better place.
