

LOOKING FOR AN OT ASSESSMENT?

WeSupportU are offering assessments for students during the July school holidays. Available assessments include:

- **DASH** - assessment of handwriting
- **BOT2** - assessing the gross and fine motor proficiency of 4-21 year olds
- **Beery VMI** - a non-speaking assessment that aids in assessing the extent to which individuals can integrate their visual and motor abilities
- **Sensory profile** - assesses responses to sensory stimuli across different environments

An occupational therapy assessment can assist schools in securing NCCD funding for students where a formal diagnosis has not been completed, providing the evidence to impute a diagnosis that can justify the need for additional support and an Individual Learning Plan. It also gives insight of the functional impact of any identified concerns and classroom strategies to support ongoing learning for the student.

BOOKING DETAILS

Assessment bookings include both assessment by an experienced Occupational Therapist and provision of the formal Assessment Report.

Where: WeSupportU 34 / 328 Reserve Rd Cheltenham VIC 3192
