January Round 1 offers will be released by VTAC in mid-January 2027. A smaller number of additional offers will be made in January Round 2, released in late-January 2027, with all applicants considered regardless of when they completed their MMI.

February VTAC round offers will only be made to backfill places that become available when applicants who initially accepted an offer in the January rounds later withdraw from the course - historically fewer than 10 places.
