WHAT'S BEEN HAPPENING

Dear families,

We've had another fantastic week filled with laughter, happiness, and friendship! The children had a wonderful time playing with their friends and making new connections. It's always heartwarming to see them building bonds and enjoying their time together.

We're excited to share that we have introduced new resources to our service! The children have been enjoying our new table soccer game, loom band making kit, magnetic building cubes, new books, Lego bricks, fluffy animals, and various arts and crafts materials. These additions have sparked creativity and engagement, keeping the children entertained and inspired.

Additionally, we've seen incredible leadership skills emerging among the children. Many have taken on roles such as Pack-Up Leader, Bag Monitor, Book Monitor, and Sports Equipment Monitor. These responsibilities help them take pride in their environment and contribute to making the service a better place for everyone.

A special highlight this week was the creation of our Family Tree! The children were eager to add their families to the tree, and they are so proud of how beautifully it has grown with leaves representing their loved ones. This project has been a wonderful way to celebrate our community and the connections that make us stronger. Thank you for your continued support! We look forward to another exciting week ahead.

Best regards,

Eric - Director of Team Kid Before and After School Care
