

FREE School Holiday Activity

Slime, Sherbet & Bubbles Virtual Workshop

Join us from the comfort of your home for a hands on, fun and educational science workshop where you will learn and explore chemistry online with

Fizzics Education.

Children will work with their parents or caregivers to learn new science skills creating gigantic bubbles, making tasty sherbet and gross slime.

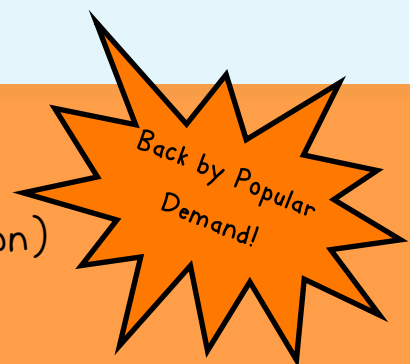

Packs with all the materials needed will be delivered prior to the online session.

Please note: we recommend preparing an area for this activity, and that you wear clothing suitable for messy work.

Thursday 15th April 2021

Session via Zoom (link to be sent prior to session)

10.00am — 11.00am (Ages 5 – 12)

Please note: Material pack delivery available to residents within certain Suburbs of Onkaparinga.

Bookings Essential, Spaces Limited

To book, please contact
Michelle on 8392 3194
