

One day on a Monday, just after I finished a test we had sport. There was me and another student and we started talking for about 45 mins. We realised we had a lot in common and became best friends.

Tahlia

Meeting all of my friends! Meeting my friends changed me. Mostly, meeting Ebony. Ebony is a great friend. Yes, we have had our ups and downs, but she is still an amazing friend. She is always there for me, even in tough situations and I am grateful to have her in my life. Piper

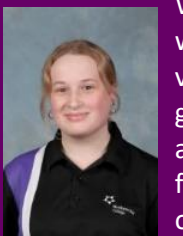

Two years ago we had a week-long camp called Doxa. We stayed above a Chinese Restaurant. Each day we had activities. We got to go to the the Melbourne Ice Rink. We also got to look at the city's landmarks. We also went to Queen Victoria Market and ate Subway for lunch. Sarah

Starting in a new school was really nerve-racking but I knew lots of people from my old school. All the teachers at Wexford were really nice and friendly. I met lots of people and built really close friendships. Overall my journey at Wexford was fun, but I can't wait for my next year at

Goldsworthy. Favourite moments from Wexford include: water fights in year 6, kids thrive, year 6 cup, inter-school sports, outdoor learning in year 5, excursions, year 6 drama
Nae Koe

When I first started school at Wexford, I was really shy and didn't really like to venture out to meet new people. As I grew older I became more confident and comfortable and I made a lot of friends, who I've become closer with over the years. This year I became a school leader, at first I wasn't going to because it was way out of my comfort zone and I was too shy, but I'm thankful that Mr Robbins pushed me to do it because it helped me out a lot with my confidence and my public speaking. My journey at Wexford has been fun and I'm going to miss all the teachers and staff. I'm excited and can't wait for Goldsworthy next year.
Kailee

Mostly everyone's favourite memory during prep was the end of year Christmas dinner. It was so exciting to come back to school after school had finished and see all the tables lined up with the most delicious food we had ever seen - Roast meat, vegies and gravy with pudding for dessert and don't forget the green and red cordial.

Tasha

Some days in grade 1 and 2 were really, really fun. These days were days like PJ Day, and Casual Clothes Day and days with no work! We also had our second concert in year 2, which would also be our 2nd and 2nd last concert ever.

Josh

In Years 3 to 5 pen licenses were a thing that everyone raved about and wanted. When you got one, you were allowed to use pens to write.
Chloey

Year 6, was an interesting year. At the start of the year, we got to know our teachers and did work. In Term 2, we started Kids Thrive, which taught us many things about public speaking and learning how to deal with money and business, once we get to the real world. Next, we started Buddies, which was us Year 6s going down to the Preps and helping them do some work and activities.
Makeely

Lightning Prem, which was us going to the Geelong Grammar School to do all different types of sport, like cricket, netball, t-ball, rounders, soccer and footy.
Riley

Ending off Year 7, was the trip to Adventure Park, the best day of that year, where we all had the chance to hang out with everyone, and enjoy time together.
Cooper

Year 8 MEMORIES

Year 9 – Making More!
