## BYOD Portal 2018

The Centre Com **Bring Your Own Device Portal** provides a secure process for parents and carers at Copperfield College to purchase and maintain high quality education accredited products for their children.

This Portal is unique to Copperfield College and is built to meet your needs.

### Who chooses the products for my child's school?

Our Centre Com education specialists work with your school's staff to select the right products for the education program for your school. These are tested at the school to ensure they are the best priced products for your child.

### Why are Education Accredited products important?

Products accredited for education use are specifically designed for school education programs. They have robust features, increased battery life, extended warranties and service arrangements. They are authorised to have educational software installed.

Generally, retail products are built to different specifications.

### What does the BYOD Portal do?

The BYOD Portal allows parents to select and purchase products and accessories through a simple step-by-step process.

#### 1. Register

- Follow the Centre Com **BYOD Portal link** on the Copperfield College website.
- Register with an email address and set your own password.

#### 2. Buy

- Purchase products, accessories and services.
- Make payments (layby, direct purchase).
- Arrange for delivery.

#### 3. Service

- Lodge warranty claims via the portal.
- Receive communication from the BYOD team at Centre Com.
- Pick up from Centre Com or delivery can be arranged through the portal.

#### 4. Managed

- Change email and contact details if needed.
- Add additional family members as other children join the BYOD program.
