Dear Parent

The Secondary School Immunisation Program (SSIP) offers free vaccines provided through the National Immunisation Program (NIP) for all Year 7 and Year 10 students. Your child may have missed these vaccinations given at school over the past 3 years due to absence or Covid disruptions.

The vaccines that your child should have received:

Year 7 – Diphtheria, Tetanus and Pertussis
Human Papillomavirus

Year 10 - Meningococcal ACWY

If you are unsure of your child's immunisation status you can check their Immunisation History by following these simple steps

1. Sign into your myGov account at <https://my.gov.au> or calling the Australian Immunisation Register on 1800 653 809
2. Go to Medicare
3. Select View History - You and your child/ren under 14 on your Medicare card will show up here.

Please note children over 14 years need to sign into their own myGov account.

If your child has not completed the vaccinations or you are unsure, please contact Council's Environmental Health Unit on **9262 6197** to book an appointment. Session details are on [Whitehorse City Council's website](#).

Yours sincerely

Louis Papageorgiou
