# Tuning into Teens Emotionally Intelligent Parenting

# A FREE six session parenting program for parents of teens

Parenting can be a challenge at times so would you like to learn how to:

- communicate more effectively with your teen?
- understand your teen better?
- help your teen to manage those difficult emotions?
- help to prevent behavioural issues in your teen?
- teach your teen how to deal with conflict more effectively?

*Tuning into Teens* shows you how to help your teen to develop emotional intelligence.

Research shows teens with higher emotional intelligence:

- have more stable and satisfying relationships as adults,
- are able to deal with peer pressure better,
- are more able to cope positively when upset or angry,
- have fewer mental health issues and substance abuse difficulties.
