Compere: Glenn Mitchell

Glenn Mitchell is a highly respected Australian sports broadcaster and mental health advocate. Over a 30-year career, he commentated more than 200 international cricket matches, 1300 AFL and WAFL games, and covered multiple Olympic and Commonwealth Games for the ABC. After leaving ABC in 2011, Glenn overcame personal mental health challenges and became an advocate for mental health awareness. He now freelances in media and currently presents the weekday breakfast show on Perth's Curtin FM 100.1, while also working as a speaker and ambassador for several health organisations.

Guest Speaker: Lisa Webb

Lisa Webb (née Hughes, Class 2001) is a John XXIII College alumna and the current Senior Coach of the Fremantle Dockers AFL Women's team. Lisa's love of sport took root at JTC, where she competed across athletics, cross-country and soccer before going on to complete a Sports Science degree at Edith Cowan University and a Diploma of Education. She spent over a decade teaching at schools including Newman College and Caulfield Grammar, before her own playing career took off — she was drafted by Fremantle in 2017 and played AFLW in 2018. After retiring as a player, Lisa moved into coaching, taking on the Fremantle Dockers' top job in 2023 and leading the club back to the finals in 2024. Known for a coaching philosophy built on authenticity, resilience and holistic player wellbeing, Lisa brings a unique perspective shaped by her experiences as an athlete, educator, coach and mother.
