

## YEARS 7-9 MASTER CLASSES

Master Classes are one hour sessions conducted once a week in term time. Each week they reteach, revise and reinforce the topics and areas of study that the students are dealing with in their classes at school.

### OBJECTIVES

#### Master Classes offer students:

- ✓ On-going academic support
- ✓ More confidence at school
- ✓ A better chance of success in assessments
- ✓ Individualised help solving specific problems
- ✓ Small group classes

### FAQS

**How can students be assured that what they have learnt at school will be addressed in the Master Class program? The answer to this important question is really quite simple.**

- The foundation of our tutorials is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to teachers for inclusion in their programs.
- This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the teacher.

## ABOUT OUR TUTORS

Our Tutors are experienced subject specialists who have delivered similar programs in the past and the student feedback from these classes has always been excellent. This feedback can be accessed from [mastermindaustralia.com.au](http://mastermindaustralia.com.au)

Tutors tailor their materials to ensure that it is relevant to the specific needs of the student and presented in a manner that maximises their understanding of the subject. Such an approach empowers the student, giving them confidence to tackle their assessments and achieve their academic goals.
