### **Other information**

- Novice Debate Topic
  - This house believes that space exploration is more important than exploring Earth's oceans.
- Junior Debate Topic
  - This House prefers human-like AI to non-human-like AI.
    - **INFO:** Human-like AI refers to artificial intelligence systems that use particular feature to emulate human behaviour. This include the use of personal pronouns such as "I", generally conversational language and a polite tone. Examples include ChatGPT, Claude, and Grok. Non-human like AI refers to artificial intelligence systems that do not attempt to emulate or copy human like behaviours and instead prioritise directness and efficiency.
