

Child Safe Standard 5

"Equity is upheld and diverse needs respected in policy and practice."

As Catholic educators, we have a moral, mission-driven and legal responsibility to uphold and actively promote the human flourishing, wellbeing and safety of every student entrusted in our care. Our commitment to the protection of children and young people is grounded in the Gospel message and related principles of justice, inclusion, and respect. This ensures the diverse needs of every child are recognized and treated with both dignity and care. Our Catholic communities strive to create faith filled, welcoming and inclusive environments where the dignity of every child and young person is promoted, equity is embedded, and the unique needs of every child are respected.

This newsletter series provides an overview of what the Child Safe Standards are, how they are designed to help keep children and young people safe and what schools governed by Melbourne Archdiocese Catholic Schools (MACS) are doing to prioritise and achieve this.

Overview of Child Safe Standard 5:

To be aligned, schools must support the following:

- Families participate in decisions affecting their child
- The organisation engages and openly communicates with families and the community about its child safe approach and relevant information is accessible.
- Families and communities have a say in the development and review of the organisation's policies
- Families, carers and the community are informed about the organisation's operations and governance.

The Child Safe Standards

The Child Safe Standards are a set of guidelines that help organisations create safe environments for children and young people.

They make sure that children are protected from harm, listened to, and respected. These standards require organisations to have strong leadership, clear policies, and a culture that puts children first.

As a parent or carer, you can expect organisations to involve families, empower children, train staff properly, and respond to concerns quickly and respectfully.

"There is neither Jew nor Greek, slave nor free, male nor female, for you are all one in Christ Jesus."

(Galatians 3:28)

How do our schools ensure every child is treated fairly and their unique needs are respected?

- In our schools, we believe that every child has the right to be treated fairly, included, and supported according to their diverse needs and background. These three principles are part of **Child Safe Standard 5**, which focuses on equity and diversity.
- **Equity** is about ensuring justice, recognising that children may need different levels of support to participate fully in learning, activities, and school life.
- **Inclusion** means creating environments where all children, regardless of culture, ability, language, or background, can flourish and are treated justly and are valued, respected, and welcomed.
- **Respect for diversity** is about honouring and celebrating the unique identity of every child, ensuring that differences are recognised as strengths and that everyone's rights and dignity are upheld.

How Parents, Carers and Guardians can get involved!

Child Safe Standard 5 is about making sure schools, families, carers and the wider community work together to keep children safe. Here are some simple ways families can help:

- **Talk about inclusion and fairness:** Discuss diversity, equity, and respect with your child, and encourage them to appreciate differences in others.
- **Share insights about your child:** Let staff know if your child has specific needs or cultural practices that should be considered in school activities.
- **Participate in school programs and events:** Support initiatives that celebrate diversity and inclusion, such as cultural festivals, learning programs, or wellbeing initiatives.
- **Provide feedback:** Take part in surveys or discussions about school policies and practices, ensuring the school considers diverse perspectives.
- **Model respect and inclusion:** Demonstrate equitable, respectful, and inclusive behaviour at home and in community activities, children learn these values through example.
