Enacting our Living Vision	Our Living Vision provides an opportunity for our school and community to identify how our School Vision i enacted each day. The following examples have been articulated by the staff over the past two months.	
The active of the second secon	Take ActionWe see staff and students taking action in the everyday choices we make such as offering encouragement, showing care when having a difficult conversation, supporting a peer, leading a group task, or setting a quiet example of kindness.Anthony Granata Year 6 educator	
	Partnership I chose this as our Living Vision because I witnessed how many members of our school community came together in support of Allura in Year 5 last week.	
	The compassion and generosity shown by both peers and staff in helping Allura take part in a fantastic opportunity, truly showcased the values that underpin our school. The collaboration and support showcased the strength of our community spirit, our willingness to support one another, and the genuine care that exists within Sacred Heart. It was a powerful reminder that when we come together, we can achieve meaningful and lasting impact.	
	Kristian Magill Year 6 educator	
	Animated Learners As part of our Inquiry unit, Year 5 and 6 have been exploring how laws and rules are created and enforced and the importance that they play in protecting our rights and our community systems. The children have been thoroughly enjoying the topic so far. Last week, the children worked with Jarryd to learn about the 3 levels of government. They also partook in an incursion which enhanced their understanding and allowed them to experience 'voting' in an election. Their engagement with the lessons has reflected their eagerness to learn and grow their knowledge and understanding. They have asked questions and shared their own thoughts, while respectfully discussing and challenging the ideas of their peers. Year 5 and 6 teachers have been hugely impressed by the level of prior knowledge and enthusiasm the children have shown so far.
