BEYOND EDUCARE

Welcome to your new OSHC

We're a family owned OSHC provider preparing to join the Holy Trinity community. We want children to feel safe, known and comfortable here, with familiar educators to welcome them each day and space to play, unwind and spend time with friends.

A Program shaped with children

Children need time to make their own choices and opportunities to contribute. That's why our program combines spontaneous play with experiences shaped by their ideas. Having a say helps children build confidence, friendships, independence and a sense of agency. Fortnightly themes connect play with community events, different cultures and the wider world. Kids Corner gives children a way to share ideas and influence the program. Through Kids Club, they can teach a skill or lead an activity with an educator's support. Term projects let children explore an interest together, return to it over time and see their ideas grow. Children can join in, spend time with friends or choose a quieter afternoon. We get to know what works for each child.

Helping prep children settle in

Starting school and OSHC brings a lot of new faces and routines. Our educators give Prep children extra support, meeting them at their classrooms after school and helping with the morning handover. As children become familiar with the team and the space, we support them to grow in confidence.

What happens next?

We're working through the provider change with the school. Once arrangements are confirmed, we'll share the start date, hours, fees, enrolment steps and direct service contact details. We will keep everything as consistent as possible such as operation times for the before and after school care program.

Our leadership team will guide families through enrolment personally, step by step. You'll speak with a consistent team who knows your child. Our director, Shayan, stays closely connected with the service each day so questions can be followed up quickly and personally.

Questions in the meantime? Email admin@beyondeducare.com.au.

SCHOOL HOLIDAY PROGRAMS!

If you are interested, we can send through our holiday program which operates from St Simon the Apostle Primary School in Rowville. Anyone can join!
