Justice Action Group are delighted to present
an evening with

SENATOR LIDIA THORPE

In 2017, Lidia Thorpe became the first Aboriginal person elected to Victorian parliament, as the Greens MP for Northcote. In September 2020, Lidia took her seat as Victoria's first Aboriginal Senator in the federal Parliament.

"In order to reconcile our nation, we need to face some uncomfortable truths about our past, and about our present. Only once truth-telling takes place and once the nation hears all our voices, can we create a country we can all be proud of and face our future challenges together. I will be part of that truth-telling, and help bring us together."

Please join us for this incredible opportunity.
