

# Upper Ferntree Gully Primary School Stepping Up Program 2018

We warmly invite your child to participate in our comprehensive pre-school to school transition program. The sessions will help familiarize your child with school life and ensure they have a smooth transition into school. Activities include Art, Physical Education, Japanese, oral language, story time and music.

The sessions will begin at 9:15am and conclude at 11:00am. All sessions are optional to help support your child's transition to school. Please call or email the school to confirm your child's participation in transition days. The children are requested to bring a hat, drink bottle (water) and brain food (healthy snack that can be eaten by hand).

Families are invited to arrange a school tour prior to transition. Tours are available after school hours. Please call or email the school to arrange a tour .

I look forward to discussing your child's future at Upper Ferntree Gully Primary School.

Tabitha O'Brien- Principal
