

EARTHCARE ST KILDA
& PORT PHILLIP ECOCENTRE

COMMUNITY PLANTING DAYS

JULY & AUGUST 2026

Come together and help us make a lasting difference — one native plant at a time.

We're inviting families to join us in planting native plants that will provide habitat for native animals, help keep our cities cooler, and beautify our local area.

Just bring your enthusiasm and we'll take care of the rest. Let's grow something beautiful, together 🌱

Saturday 26 July 2026

10am start

**Canterbury Rd Urban
Forest, Middle Park**
