

Dear parent/guardian

November 2023

Woodend Primary School is looking forward to another great year of teaching and learning and would like to advise you of Woodend Primary School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. However, when there is a shortfall in contributions from parents, any funds earmarked for school improvement projects are diverted to address this.

Your financial support in 2023 has allowed us to purchase the following items, which are of direct benefit to students at our Woodend and Carlsruhe campus -: Acoustic Panelling in classrooms, playground equipment, remainder of the blinds in classrooms and First Aid room, Ocarinas for the Music Program, shade sail, Maths Learning Resources, additional 'Take Home Readers' and 'Big Books' and the remainder of the colourful Library furniture.

We appreciate the ongoing financial support from our school community as it allows us to continue to allocate funds to these important improvements, which are all aimed at delivering the best possible learning outcome and environment for our students.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely

**Diana Ellis – PRINCIPAL**

**Shayne Summers – SCHOOL COUNCIL TREASURER**

**Netbook Program** – (Yr 6 only) - Woodend Primary School is committed to providing learning environments that will engage our students and provide independence and flexibility in their learning. We believe students should be able to learn in teams, collaboratively, as a class, a whole community or alone.

Our Netbook Program aims to expand the learning environment beyond the walls of the classroom. It gives students the capability to collaborate, share information and experiences and take control of their learning in ways not previously possible, whilst also preparing them for 21<sup>st</sup> century learning.

The fee covers the cost of using the device and technical support for the year.
