## BULLYING PREVENTION POLICY

### 1. PURPOSE

Surfside Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated. This policy supports the promotion of a safe and respectful school environment and to prevent and address all forms of bullying, cyber bullying and other unacceptable behaviours at Surfside Primary School. This policy operates under our guiding school values of: Respect, Honesty, Teamwork and Achievement. At Surfside Primary school we believe everyone is important therefore everyone has the right to feel safe, included and treated with respect all the time.

The purpose of this policy is to:

- explain the definition of bullying so that there is shared understanding amongst all members of the Surfside Primary School.
- make clear that no form of bullying at Surfside School will be tolerated
- outline the strategies and programs in place at Surfside School to build a positive school culture and prevent bullying behaviour
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and understands the importance of reporting bullying behaviour to school staff
- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including targets, bystanders, witnesses and students engaging in bullying behaviour)
- seek parental and peer group support in addressing and preventing bullying behaviour at Surfside School.

When responding to bullying behaviour, Surfside School aims to:

- be proportionate, consistent and responsive
- find a constructive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Surfside School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

### 2. SCOPE

This policy addresses how Surfside School aims to prevent, address and respond to student bullying behaviour. Surfside School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our *Student Code of Conduct* and *Student Wellbeing and Engagement Policy*

This policy applies to all school activities, including camps and excursions. It also applies to bullying behaviour between students that occurs outside of school hours, where the behaviour impacts on student wellbeing and safety at school.

### 3. DEFINITIONS

#### **Bullying**

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

*Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.*

*Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for Surfside PS through sharing of digital records)*

*Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.*

#### **Bullying has three main features:**

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

#### **There are four main types of bullying behaviour:**

- Physical – examples include hitting, pushing, shoving or intimidating or otherwise physically hurting another person, damaging or stealing their belongings. It includes threats of violence.
- Verbal/written – examples include name-calling or insulting someone about an attribute, quality or personal characteristic.
- Social (sometimes called relational or emotional bullying) – examples include deliberately excluding someone, spreading rumours, sharing information that will have a harmful effect on the other person and/or damaging a person's social reputation or social acceptance.
- Cyberbullying – any form of bullying behaviour that occurs online or via a mobile device. It can be verbal or written, and can include threats of violence as well as images, videos and/or audio.

Bullying can be a form of racism, sexism, homophobia, transphobia or other type of social prejudice when the behaviour is targeted at an individual or group because of a personal characteristic, such as race, religion, sex, sexual orientation, gender identity or disability.

For further information about bullying, refer to: [Bully Stoppers \(education.vic.gov.au\)](https://www.education.vic.gov.au) and the Department's [Bullying Prevention and Response](#) policy on the Policy and Advisory Library.

## Other distressing and inappropriate behaviours

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy.

- *Mutual conflict* involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.
- *Social rejection or dislike* is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.
- *Single-episode acts* of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and there may be serious consequences for students who are perpetrators of this behaviour. Surfside School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.
- *Harassment* is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment.
- *Discrimination* is behaviour that treats someone unfavourably because of a personal characteristic (for example, race, religious belief or activity, disability, sex or intersex status, gender identity or sexual orientation).

Discrimination, harassment, and any other inappropriate behaviour is not tolerated at our school and there may be serious consequences for students engaging in this behaviour. This includes any form of racism, religious or disability discrimination, sexism, homophobia, transphobia, or any other behaviour that targets an individual or group.

## 4. BULLYING PREVENTION

Surfside School has a number of programs and strategies in place to build a positive and inclusive school culture and relationships to promote wellbeing. We strive to foster a school culture that prevents bullying behaviour by modelling, encouraging and teaching behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Surfside School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effect way to prevent and address bullying. At our school:

- We identify and implement evidence-based programs and initiatives from the [Schools Mental Health Menu](#) that are relevant to preventing and addressing bullying and help us to build a positive and inclusive school climate.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- We participate in the Respectful Relationships initiative, which aims to embed a culture of respect and equality across our school.
- We celebrate the diverse backgrounds of members of our school community and teach multicultural education, including Aboriginal History, to promote mutual respect and social cohesion.

- We participate in the Safe Schools program to help us foster a safe environment that is supportive and inclusive of LGBTIQ+ students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- We promote upstander behaviour as a way of empowering our students to positively and safely take appropriate action when they see or hear of a peer being bullied.
- We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action against Bullying and Violence.

## **5. INCIDENT RESPONSE**

### **5.1 Reporting concerns to Surfside School**

Bullying is not tolerated at our school. We ensure bullying behaviour is identified and addressed with appropriate and proportionate consequences. All bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff or another trusted adult as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Surfside School are timely and appropriate in the circumstances.

We encourage students to speak to their classroom teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, wellbeing staff, or leadership team.

Parents or carers who develop concerns that their child is involved in, or has witnessed bullying behaviour at Surfside Primary School should speak with the Principal.

### **5.2 Reporting bullying issues:**

- Teachers monitor student behaviour in the yard and record incidents of unacceptable behaviour on Compass Chronicles which are reviewed by the leadership team on a weekly basis.
- Children are encouraged to report incidents to their class teacher or yard duty teacher.
- Parents are encouraged to contact the child's class teacher, principal or assistant principal if they become aware of a problem.

- Children who witness bullying incidents are encouraged to behave in a manner that supports the victim, such as seeking help, or telling an adult.
- A regular class circle time is held to allow students to voice issues or concerns.

### 5.3 Investigation

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations as a Compass Chronicle
2. inform a member of the Leadership team

A member of the leadership team is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the team member may:

- speak to the those involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

### 5.4 Responses to bullying behaviours

When the member of the leadership team has obtained sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Surfside School will consider:

- the age and maturity and individual circumstances of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour

#### **Level 1: Minor or isolated incidents: (Yellow Compass Chronicle)**

In the first instance teachers who confront an incident of bullying (observed or reported) have the initial responsibility for taking positive action to address the issue;

- The staff member will listen to the nature of the issue and document all information regarding the incident.
- The victim, the alleged bully and witnesses will be spoken with individually.
- Once the true nature of the incident is established, the issue will be resolved, where possible, using the restorative approach. A restorative meeting will be held with all parties to address the issue and restore wellbeing
- The perpetrator may be given a consequence for their behaviour. (see below)
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved

**Level 2: When the instance of bullying is severe, repeated, or targeted or for students who present with significant mental health problems or bullying behaviour: (Red Compass Chronicle)**

- These incidents must be referred to the Principal, Assistant Principal or Wellbeing Coordinator. The victim, the alleged bully and any witnesses will be spoken with individually.
- Individual support will be provided to the victim and a designated safe place arranged for them to attend if needed. Counselling may also be offered if appropriate.
- All parents will be informed.

The member of the leadership team may implement all, or some of the following responses to bullying behaviours:

- Serious bullying issues will be logged with Regional Office, Emergency and Security Management and police as appropriate to the nature of the issue.
- Offer wellbeing support including referral to the wellbeing team, SSS, or external providers to:
  - The target group or students
  - The students engaging in the bullying behaviours
  - Affected students, including witnesses and/or friends of the target students
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying

reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.

- Facilitate a process using the Support Group Method, involving the target student(s), the students engaging in bullying behaviour and a group of students who are likely to be supportive of the target(s).
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan restricting contact between target and students engaging in bullying behaviour.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement cohort, year group or whole school targeted strategies to reinforce positive behaviours.
- Implement proportionate disciplinary consequences for the students engaging in bullying behaviour, which may include
  - removal of privileges,
  - detention
  - participation in a social skills program
  - contributing time and resources to 'fix' the problem
  - in school or at home suspension and/or expulsion
    - Suspension & Expulsion: For serious disciplinary measures the DET Engaging Schools are Effective Schools: Student Engagement Policy Guidelines 2009 are followed
    - Suspension is a serious disciplinary measure and principals must consider alternative interventions and supports for students before proceeding to suspension as the appropriate action.
    - Only principals have authority to make the decision to suspend a student. This authority cannot be delegated.
    - Detailed requirements exist for the suspension process and it is essential that principals refer to the full mandatory [Suspension Guidelines and Procedures](#) in the Guidance tab when they are considering suspending a student.
    - This policy is underpinned by Ministerial Order 1125.
    - <https://www.education.vic.gov.au/Documents/school/teachers/studentmanagement/MinisterialOrder1125SIGNED.PDF>

#### **Further Action:**

- Students will be monitored and followed up on a regular basis.
- A data base of all bullying incidents will be updated weekly.
- The Principal will review all bullying incidents and maintain communication with all parties until appropriately resolved.

Surfside Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where

appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

The Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.
