WHAT IS VET?

Vocational Education and Training refers to enhanced senior school studies, which enable a secondary student to combine their VCE or VCAL studies with vocational training.

FEATURES OF VET

- It is an accredited vocational education and training program (usually over two years).
- It enables students to complete a nationally recognised vocational qualification (e.g. Certificate II in Hospitality) and a senior secondary certificate such as VCE and/or VCAL at the same time.
- It allows students to go directly into employment or receive credit towards further study.
- It focuses on students developing industry specific and workplace skills.
- It is a vocationally oriented school program designed to meet the needs of industry.

HOW DOES VET WORK?

Registered Training Organisations (RTOs) are responsible for the delivery, assessment and certification of VET qualifications. An RTO may be a student's school, TAFE, private organisation or an ACE provider.

STRUCTURED WORKPLACE LEARNING

This involves an employer accepting a student on a one day a week or one or two week block basis.

Structured Workplace Learning is an essential part of VET and is highly recommended. It enables the student to demonstrate acquired skills and knowledge in an industry setting. During the work placement, a student will undertake specific tasks in order to demonstrate competence. They will be regularly monitored and may be assessed on the job.

SWL RECOGNITION

A student can gain credit towards the VCE or VCAL by successfully participating in SWL and completing the workplace reflections.

CONTRIBUTION TO VCE

VET may contribute to VCE. Some VET programs have a Victorian Curriculum Assessment Authority (VCAA) recognised Unit 1-4 structure. Partial or full completion of other programs may contribute via Block Credit to the completion of VCE.

- Scored VCE VET program can contribute to the Primary Four in the ATAR or as a 5th or 6th subject. A student's Primary Four subjects may be made up of English, with all other sequences derived from scored VCE VET programs. Non scored VCE VET programs usually provide credit at Units 1-4. Unscored increments which previously contributed the average of the primary four, including those for unscored VCE VET and block credit, will instead be calculated using 10% of the lowest study score of the primary four.
- VE3 Block Credit recognition can be used towards satisfactory completion of the VCE but can only be used in calculation of an ATAR if there are fewer than 6 VCE or VCE VET available. If there are 6 or more VCE or VCE VET studies available, a Unit 3 and 4 sequence through VE3 block credit result cannot be used towards an ATAR.

CONTRIBUTION TO VCAL

VET contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VET INCREASES STUDENTS' PATHWAYS

- Broadens options
- Develops students' capacities to make decisions and solve problems
- Helps students to gain confidence and improve communication and interpersonal skills through learning in an adult setting
- Fosters positive feedback by enabling students to demonstrate specific skills and competencies
- Matches students' interests and career directions through the provision of strong pathways

VET GIVES NATIONAL QUALIFICATIONS AND SKILLS

- Upon successful completion of the program, students may be awarded with a nationally recognised VET certificate, or contribution toward this certificate
- VET qualifications may articulate directly into further education and training at TAFE through documented pathway agreements
- VET provides access to a range of different technologies related to the type and place of work

VET PREPARES STUDENTS FOR THE WORKFORCE

- Provides the opportunity to trial a career and helps students explore possible areas of interest which promote further study and work choices
- Allows students to develop strong links with industry and local community employers whereby students may be offered part time/casual work
- Improves employment prospects
- Helps students gain knowledge of employers' expectations and real working conditions
- Assists in transition from school to work

LANGUAGE, LITERACY AND NUMERACY SUPPORT

- Students requiring additional assistance to achieve successful outcomes in their VET programs need to indicate this on the VET application form.
- Arrangements will be made between the Home and Host Schools regarding the level of support required. Any formal assessment will be undertaken by the Home School prior to the completion of the VET application form.

ALL VET STUDENTS WILL NEED A UNIQUE STUDENT IDENTIFIER (USI)

The aim of the USI is to:

- Help build a national system for the storage of information and enable VET records to be linked
- Make it easier for students to access their VET achievement across multiple providers in the one transcript
- Seamlessly provide a single consolidated 'outcome level' transcript for all VET study for students
- Enable students to also easily access secure digital transcripts of their achievements
- Ensure VET records are not lost (i.e. particularly where an RTO closes)
- Assist development of transparency in the VET sector

Students studying VET programs will not be able to receive a Statement of Attainment or their qualification until they have a valid USI. Students can apply for their USI electronically via the online USI system at www.usi.gov.au

HOW TO USE THIS HANDBOOK

This Handbook outlines how the Northern Melbourne VET Cluster (NMVC) can provide an extensive selection of VET programs to you as a student of a member school.

Read the requirements of your selected program carefully.

Please note the printed arrangements regarding times, venues and program outlines are subject to change and will be confirmed at the Enrolment/Information Evenings scheduled for Term 4, 2020. All successful applicants to NMVC programs will be notified of changes prior to course commencement, via their school's VET Coordinator.

There are three steps in making an application for a NMVC VET Program in 2021:

STEP 1: "Application Form" to Home School VET Coordinator

Read the Handbook and program requirements carefully, select your program and complete the NMVC Application Form. Submit this application to your VET Coordinator by the Due Date printed on the Application Form.

STEP 2: "Enrolment Form" to Host School

Attend the Compulsory Enrolment/Information Evening at the Host School in Term 4. The Home school will advise you about the location, date and time of this event. Please ensure that all your details are clear and correct on the Enrolment Form which will be required from the Host school.

STEP 3:

There may be a materials cost associated with each program. Applicants should contact their Home School VET Coordinator for an estimate of their program cost and when payment is due.

NMVC VET COURSE REQUIREMENTS

Students enrolling in a VET program through the NMVC will be required to complete a commitment form covering their code of conduct. Any additional course requirements set out by the NMVC must also be adhered to. It is important that parents and students take time to read the following course requirements before submitting an Application Form (Step 1).

1. ABSENCES

Students are permitted two absences a semester or four for the year. Where possible, students need to notify their Home School VET coordinators by 8.30am if unable to attend VET class. An additional two approved absences will be allowed for school camps and excursions.

2. PUNCTUALITY

All students are expected to arrive on time to class.

3. WORK REQUIREMENTS

All tasks as assigned by the trainer/ employer are to be completed BY THE DUE DATE. Home School VET Coordinators will be informed about those students who fail to meet deadlines and a second submission date will be negotiated. **STUDENTS WHO FAIL TO COMPLETE SET TASKS, BY THE END OF THE TERM IN WHICH THE TASKS WERE SET, MAY BE WITHDRAWN FROM THE PROGRAM.**

4. INFORMATION ENROLMENT

EVENINGS

All NMVC VET programs will hold an Information Enrolment Evening early in Term 4. Students will receive a full program outline and have the opportunity to meet and speak with the trainer. Enrolment Forms must be completed, signed and submitted to the Host Schools during these Information Evenings (Step 2).

5. STUDENT COMMITMENT FORMS

This form is part of the enrolment process and outlines all students' responsibilities regarding work requirements, student behaviour and course expectations. This

form must be completed by all students.

6. PROGRAM COSTS

All VET programs offered through the NMVC attract fees. Through the clustering arrangement these fees are kept to the minimum possible cost. Program costs will vary according to the materials required by students to complete the program including uniforms, trade materials, transport, books and equipment. It should be noted that the student's home school will determine the fees. All fees associated with a VET program must be paid on time to the Home School.

7. STRUCTURED WORKPLACE LEARNING

Structured Workplace Learning is a key feature of VET programs. All students are expected to complete a minimum of 10 days work placement in a related industry. It is the responsibility of the Home School and students to ensure that all paperwork associated with this Structured Workplace Learning is completed and returned on time. Students will need to meet the work placement requirements of the course to the best of their abilities.

8. REPORTS

All students undertaking a NMVC VET program will receive an official written report indicating their progress in the program. These reports are issued by the training providers to the student's school and will include information on completed competencies, student learning, attendance, behaviour and general comments.

Parents will receive a copy of these reports at mid year. Completed certificates will be sent directly to schools at the

NMVC VET COURSE REQUIREMENTS

completion of the course. Schools will forward these to students. It should be noted that completed certificates might not be sent until the following year in accordance with graduation processes from the various TAFE and training institutions.

Students completing a VET program will receive notification of their final results from the Victorian Curriculum and Assessment Authority (VCAA). Students undertaking VET programs with a Study Score or increment at Year 12 will have their results appear as part of their VCAA Statement of Results. ATAR contributions are calculated at the Year 12 level only by VTAC and are made available to students by VTAC through the normal channels.

9. STUDENT BEHAVIOUR

All students must abide by the trainers' rules and the rules of the Host School whenever they are on site. This includes meeting Occupational Health and Safety requirements in and out of the classroom. Attitude and behaviour are to be of the highest standard.

10. CATCH UP VET CLASSES

Where necessary, students may be required to attend catch up classes after school, during the school holidays or on the weekend.

11. ABSENCE FROM AN ASSESSED TASK – VCE VET UNITS 3 & 4 ONLY

Students, who are absent from class on a day when an assessed task is being held, should:

- Phone their VET coordinator at school and their VET classroom teacher by 9am
- Provide a detailed parental note immediately on return to school. A copy should be given to the VET coordinator by 9am and a copy

should be faxed to the VET classroom teacher

- Provide a doctor's certificate immediately on return to school. The original to be given to the VET coordinator and a copy to be faxed to the VET classroom teacher.

The VET classroom teacher in conjunction with the student's VET coordinator will determine whether the absence is excused and whether rescheduling the missed assessment task will be granted. Students who fail to report to their VET coordinators on their first day back at school by 9am, will not have their assessment task rescheduled.

12. WITHDRAWAL FROM AN NMVC PROGRAM

NMVC VET programs are successful because students are able to access programs offered by member schools. It should be noted by students and parents that failure to abide by the above course requirements may result in a student being withdrawn from the program.

DISCLAIMER

All course details and delivery arrangements contained in this book are correct at the time of printing (June 2020). Programs are subject to change.

Revision to some Training Packages may see a changed VCE VET program structure for some courses from 2020. All updates to the programs will be included in the future edition of the VCAA Bulletin. Final arrangements will be confirmed in February 2021.

Units may change from year to year subject to instructions from the VCAA (Victorian Curriculum Assessment Authority). Students should refer to individual school's course brochures.

ALLIED HEALTH ASSISTANCE

HLT33015 Certificate III in Allied Health Assistance

PATHWAYS

Certificate IV in Allied Health Assistance

Certificate IV in Pathology

Certificate IV in Health Administration

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following sectors:

Allied health assistant

Physiotherapy assistant

Speech Therapy assistant

Health technician

Podiatry

Pathology collector

Occupational Therapy assistant

Medical receptionist

Nutrition

Health Assistant Promotion

ALLIED HEALTH ASSISTANCE

HLT33015 Certificate III in Allied Health Assistance

COURSE AIMS

This is a nationally accredited qualification in an area of high demand. Allied Health Assistance is an emerging and growing career option in both public and private practice.

This course aims to provide students with experience in a variety of allied health professions, including the work worlds of physiotherapy, occupational therapy, dietetics/nutrition and speech pathology. It aims to encourage young people to explore the many options available within the community health and hospital environments.

This course is suitable if you have an interest in health assistant work in acute care, rehabilitation and community settings, and working with staff and clients of all ages. This course will provide you with the skills and knowledge to work as an allied health assistant in a diverse range of allied health fields.

Full completion

DAYS & TIMES

Wednesday 9.00am - 12.00pm (Units 1&2)
Wednesday 12.30pm - 3.30pm (Units 3&4)

Whittlesea Secondary College
(TBC) *2nd year in 2022*

Wednesday 9.00am - 12.00pm (Units 1&2)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will receive recognition of one unit at Unit 1 and 2 and a minimum of three units in a Unit 3 and 4 sequence.

ATAR: Students who undertake additional training from Certificate III can achieve a further Units 3 and 4 sequence and may be eligible for an increment. Scored assessment is available for this course.

STRUCTURED WORKPLACE LEARNING

Minimum of 80 hours is required for the duration of the program.

THIS COURSE MAY INCLUDE

- Comply with infection control policies and procedures
- Communicate and work effectively in health
- Interpret and apply medical terminology
- Provide first aid
- Recognise healthy body systems in a health care context
- Assist with an allied health program
- Assist with client movement
- Maintain patient records
- Provide reception services for a practice

APPLIED FASHION DESIGN & TECHNOLOGY

MST20616 Certificate II in Applied Fashion Design and Technology

PATHWAYS

Certificate III in Applied Fashion and Design

Certificate IV in Applied Fashion Design and Technology

Diploma of Applied Fashion Design and Technology

Advanced Diploma of Applied Fashion Design and Technology

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Fashion Designer

Clothing pattern maker

Footwear worker

Clothing trades person

Garment cutter

Machinist or subcontractor

Textile Designer

Interior Decorator

Theatrical Costume Maker & Designer

Clothing & Soft Furnishing Production Worker

Fashion Co-ordinator

Retail Buyer

APPLIED FASHION DESIGN & TECHNOLOGY

MST20616 Certificate II in Applied Fashion Design and Technology

COURSE AIMS

This course will provide an introduction to basic design and to develop skills and knowledge to prepare for work in a creative and production oriented environment within the fashion industry. Opportunities are provided to acquire and develop skills in sewing, design processes, working with patterns, applying quality standards and interpreting basic sketches.

HOST SCHOOL

Mill Park Secondary College
(Ripponlea)

DAYS & TIMES

Wednesday	1.30pm - 5.00pm (Units 1&2)
Thursday	1.30pm - 5.00pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for six units: four Units at 1 & 2 and a Units 3 & 4 sequence.

ATAR: Contribution is 10% increment.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

This program allows for creative expression to be developed and displayed in the practical projects undertaken which may include:

- Use a sewing machine
- Identify fibres and fabrics
- Sew components
- Modify patterns to create basic styles
- Draw and interpret a simple sketch
- Design and produce a simple garment
- Identify design process for fashion designs
- Follow defined O.H. & S. policies and procedures
- Apply quality standards

AUTOMOTIVE VOCATIONAL PREPARATION

AUR20716 Certificate II in Automotive Vocational Preparation

PATHWAYS

People think going into automotive work is just about being a mechanic. It's not. It can lead to being a manager, working in reception, owning a private workshop or dealership. It can lead to working in spare parts or in automotive manufacturing. It can also lead to working overseas as Australian mechanics are highly regarded because of their training. The number of female apprentices in the area is growing.

"The automotive industry is a fast-paced and exciting career choice. The industry employs over 300,000 people across Australia. Advances in technology have led to a growing number of career opportunities, and high vehicle sales have increased the number of vehicles requiring maintenance and repair. In turn, we are seeing a growing need for skilled tradespeople."

- Victorian Automobile Chamber of Commerce.

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Mechanic

Auto Electrician

Panel Beater

Spray Painter

Spare Parts Manager

Service Manager

Automotive Engineer

AUTOMOTIVE VOCATIONAL PREPARATION

AUR20716 Certificate II in Automotive Vocational Preparation

This course is subject to change in 2021

COURSE AIMS

The course was designed for VET in Schools to introduce skills and knowledge to perform minor maintenance and repair of mechanical and electrical components and systems on vehicles. It is a hands-on course and great preparation for an apprenticeship. The course is taught over two years.

Friday 9.00am - 3.15pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for four units of credit towards their VCE: Two units at Units 1 & 2 and two at Units 3 & 4.

ATAR: Contribution is 10 % increment.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 160 hours.

THIS COURSE MAY INCLUDE

- Use and maintain tools and equipment
- Identify automotive mechanical systems and components
- Remove and replace brake assemblies
- Inspect and service batteries
- Carry out basic vehicle servicing

BEAUTY SERVICES

SHB30115 Certificate III in Beauty Services

PATHWAYS

Certificate III in Beauty Services

Diploma of Beauty Therapy

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Beauty Consultant

Beauty Therapist

Freelance Beauty Consultant

Make-Up Artist (fashion, beauty, photography & freelance)

Make-Up Retail Sales Person

Nail Technician

Waxing Technician

BEAUTY SERVICES

SHB30115 Certificate III in Beauty Services

COURSE AIMS

This course will give you the skills to confidently deliver treatments such as waxing, make up, nail technology, lash and brow treatments, lash extensions, cosmetic tanning, demonstration and sales of retail skin care and other cosmetic products, effective communication, and the retail environment. If you enjoy working with people and want to build a career in the beauty services industry, this course is for you.

Thu 1.00pm - 4.30pm (Units 3&4)
Fri 9.00am - 12.30pm (Units 1&2)
Fri 1.00pm - 4.30pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for four units at Units 1 and 2 level and a Units 3 and 4 sequence.

ATAR: Contribution is 10% increment

STRUCTURED WORKPLACE LEARNING

A minimum of 80 hours is required.

THIS COURSE MAY INCLUDE

- Conduct salon financial transactions
- Comply with organisational requirements within a personal services environment
- Apply safe hygiene, health and work practices
- Apply cosmetic tanning products
- Advise on beauty products and services
- Provide lash and brow services
- Provide waxing services
- Design and apply make-up
- Provide manicure and pedicure services
- Research and apply beauty industry information
- Provide salon services to clients

MIA'S ADVICE

"The practical learning environment meant I was able to learn and take in information more readily."

CASE STUDY | MIA TARANTO

Mia Taranto, a student at Eltham College last year, completed VET Kitchen Operations in 2018 and VET Hospitality Front of House in 2019. She achieved Premier's awards in both these courses as a VET student at the Swiper's Gully Training Restaurant. This is a real restaurant, attached to Eltham College which provides a commercial hospitality environment for VET students in the NMVC.

Originally, Mia's motivation for studying Kitchen Operations was to help her apply for part-time work. She quickly realised her love for working at a fast pace, being imaginative and communicating with customers. Once a week, VET students cooked for real customers, sometimes for large functions.

"We would produce a three course menu, following the instructions of our chef. The course provided a small theory component, but was mainly assessed through our practical performance during service." After enjoying this so much she began VET Hospitality (Front of House) in 2019. This course focuses on bartending, waitering, kitchen coordinating and hosting.

Mia enjoyed being able to study in a team based environment

with other like-minded students from NMVC schools in her VET courses. She found that they built real industry experience and practical skills that can be applied beyond Year 12. They also led to her part-time work as a manager at Macdonald's where she can apply the teamwork skills she has learnt.

Mia believes that the two VET studies were the top contributors to her ATAR, purely because the practical learning environment meant she was able to learn and take in information more readily.

She is currently studying a double degree in Law and Commerce, while also still working part time at McDonald's. While many of the hospitality skills she learnt during the VET course do not directly apply to her current degree, she finds a way to make use of them every day.

BUILDING & CONSTRUCTION

PATHWAYS

It is anticipated that students completing the Certificate II in Building and Construction Pre-apprenticeship will be in a position to gain an apprenticeship with an employer in the building and construction industry.

Pathways are available for students into the following qualifications drawn from the Construction, Plumbing and Services Training Package or the equivalent qualification in new training packages:

- Certificate III in Wall and Ceiling Lining

Students may also access a wide range of qualifications at Certificate IV and Diploma level from the building and construction industry following completion of this course:

- Certificate IV in Building and Construction (Building)
- Certificate IV in Building and Construction (Specialist Trades)
- Diploma of Building and Construction (Building)

In Victoria, the building and construction industry is one of the largest employing industry sectors. It is also one of the bigger employers of young people in the state.

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Brick/Blocklaying

Building Site Administration

Building Administration

Building Inspection

Contract Administration

Architecture

Carpentry

Project Management

Estimation

Building Services

Drafting (Architectural)

Building Surveying and Quantity Surveying

22338VIC Certificate II in Building & Construction (Bricklaying) Pre-Apprenticeship

Partial Completion

COURSE AIMS

The program in Bricklaying has been developed specifically for the Bricklaying Industry. Emphasis is placed on hands-on learning opportunities. Students will undertake specific Bricklaying modules. This course is a partial completion of the certificate.

Wednesday 1.30pm - 5.00pm (Units 1-4)* VCE

*plus 3rd year option

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for up to seven units of credit towards their VCE: Five units at Units 1 & 2 and two at Units 3 & 4.

ATAR: Contribution is 10% increment.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Workplace safety and industry induction
- Calculations for the Building Industry
- Communications for the Building Industry
- Bricklaying Hand Tools
- Bricklaying Basic Skills
- Bricklaying Veneer Construction Principles
- Masonry Blockwork

22338VIC Certificate II in Building & Construction (Carpentry) Pre-Apprenticeship

Partial Completion

COURSE AIMS

This course is a partial completion of the Certificate and students will be issued with a Statement of Attainment. The course is designed for students entering the Building and Construction Industry who want to become carpenters. Students are taught 10 core building modules and all of the carpentry stream modules.

THIS COURSE MAY INCLUDE

- Workplace safety and induction
- Workplace procedures
- Building structures
- Safe handling and use of power tools
- Carpentry hand tools
- Introduction to demolition
- Building set out
- Levelling
- Calculations for the building industry

22338VIC Certificate II in Building & Construction (Wall and Floor Tiling)

COURSE AIMS

This program is designed for people entering the Building and Construction Industry who want to explore career and employment opportunities as wall and floor tilers.

This course is a partial completion of the certificate.

HOST SCHOOLS

Parade College Bundoora
(Parade College)

DAYS & TIMES

Wednesday 12.30pm - 5.00pm (Units 1&2)
Wednesday 12.30pm - 5.00pm (Units 3&4)
3rd year option

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for up to seven units of credit towards their

VCE: Five units at Units 1 & 2 and two at Units 3 & 4.

ATAR: Contribution is 10% increment.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Wall and floor tiling hand and power tools
- Tiling substrates
- Tiling adhesives
- Worksafe Safety and Industry Induction
- Workplace procedures for environmental sustainability
- Basic First Aid
- Building Structures
- Calculations for the building industry
- Introduction to scaffolding
- Levelling
- Safe handling and use of plant and power tools

BUSINESS

BSB20115 Certificate II in Business with selected units from Cert III in Business

PATHWAYS

Completion of the VET program leads to the award of a qualification which directly leads in to higher level qualifications in Business Services.

Business Administration Services

Business Management Services

Business Development

Certificate III in Business

Certificate IV in Business

Diploma of Business

Business Information Services

Human Resources Management

Certificate IV in Accounting

Diploma of Accounting

Bachelor of Business

CAREER OPPORTUNITIES

The Business Services sector offers a wide range and variety of employment positions within the clerical administrative workforce, for example:

Administrative/Office Assistant

Information Officer

Hotel or Motel Manager

Human Resource Manager

Logistics Clerk

Receptionist

Customer Services Officer

Health Administration

Office Manager

Public Relations Officer

Secretary

Conveyance

Bank Worker

Law Clerk

Accountant

COURSE AIMS

The aim of the program is to provide participants with knowledge and skill development to enhance their employment prospects within the Business Administration field.

Two-year course

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Students who complete the certificate II with selected units from certificate III will be eligible for four units at Units 1 and 2 level, including one Units 3 and 4 sequence. Students who undertake additional training from the certificate III and achieve a further Units 3 and 4 sequence may be eligible for an increment towards their ATAR.

ATAR: Scored assessment is available for this program.

**Peter Lalor Vocational College do not offer a scored assessment option.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Organise and complete daily work activities
- Communicate in the workplace
- Use business technology
- Organise personal work priorities and development
- Organise workplace information
- Design and produce business documents

COMMUNITY SERVICES

CHC32015 Certificate III in Community Services

PATHWAYS

The Community Services Training Package is designed to address the needs of the Community Services Industry and includes aged care, alcohol and other drugs, children's services, child protection, community housing, disability work, mental health and youth work sectors of the industry.

Certificate III in Individual Support

Certificate IV in Disability

Diploma in Community Services

Bachelor of Social Work

Certificate IV in Alcohol and other drugs

Certificate IV in Youth Work

Diploma in Early Childhood Education & Care

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Case management

Individual support

Youth services

Community Worker

Careers Counsellor

Drug and Alcohol Counsellor

Childcare

Leisure and health

Social Worker

Childcare Worker

Health Promotion Officer

Prisons Officer

Disability

Welfare

Counsellor

Civil Celebrant

Teacher's Aide

Youth Worker

COMMUNITY SERVICES

CHC32015 Certificate III in Community Services

Wed 9.00am - 3.00pm (Units 1&2)
One-year course

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students may receive recognition of two or more units at 1 and 2 level (depending of the electives chosen) and a unit 3 and 4 sequence.

ATAR: Scored assessment is available for this program.

**Peter Lalor Vocational College offers a non-scored assessment option.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 120 hours per year.

THIS COURSE MAY INCLUDE

- Prepare for work in the Community Services sector
- Work with others
- Follow policy procedures and programs of an organisation
- Follow WHS safety procedures to direct care work
- Communicate with people accessing the services of the organisation
- Operate under a casework framework
- Deliver service to clients
- Identify and address specific client needs
- Work effectively in the community service sector
- Work effectively with young people

CREATIVE INDUSTRIES

CUA20215 Certificate II in Creative Industries (Focus: Graphic Art and Printing)

PATHWAYS FOR

After achieving CUA20215 Certificate II in Creative Industries individuals may undertake further education and training, including:

Certificate III in Media

Diploma/Advanced Diploma in Screen and Media

Certificate IV in Graphic Design

Diploma of Graphic Design

Advanced Diploma of Graphic Design

Diploma Screen & Media (Digital Animation)

Bachelor of Design (Communication Design)

POSSIBILITIES

With additional training and experience, possible future career opportunities may include work in the following areas/sectors:

Games developer

Graphic designer

Media editor

Media producer

Multimedia developer

Photographer

Publisher

Digital designer

CREATIVE INDUSTRIES

CUA20215 Certificate II in Creative Industries (Focus: Graphic Art and Printing)

COURSE AIMS

This course has a graphic art and printing focus, introducing students to the graphic arts and printing industry using current industry practices. Students will develop core generic workplace skills, along with an understanding of a range of areas relevant to the printing industry, while using the latest industry standard software and hardware. Areas covered include multimedia, layout and design, digital imaging, printing and print finishing. The course provides both theoretical and practical training that is linked directly to the work that graphic art and printing related employees undertake.

HOST SCHOOL/S

Peter Lalor Secondary College
(IVET)

DAYS & TIMES

Wednesday

1.00pm - 4.30pm (Units 1&2)
One-year course

CONTRIBUTION TO

VCAL: This program contributes to Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion, students will be eligible for up to 3 units of credit at Unit 1&2 level.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Practicing skills in a simulated real-life working environment
- Knowledge of the Abode Creative Suite, including Photoshop
- Using hand drawing skills to assist in initial design phase
- Using page layout software to design and impose artwork
- Following a design brief and produce artwork for a specific industry

DANCE

CUA20113 Certificate II in Dance

PATHWAYS

The Certificate II in Dance can be a pathway to Certificates III, IV or a Diploma or a degree course.

Certificate III in Dance

Apply to dance full time in a private dance school

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Choreographer

Dance Event Manager

Dance Teaching and Management

Performer

Professional Dancer

DANCE

CUA20113 Certificate II in Dance

This course is subject to change in 2021

COURSE AIMS

The course aims to provide technical and performance skills, knowledge and attitude needed to establish a career in the entertainment industry. The VCE course is not recommended for students without prior dance experience.

Wed 1.30pm - 4.50pm (Units 3&4)
Audition required

Wed 1.30pm - 5.00pm (Units 1&2)
Thu 1.30pm - 5.00pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for up to six units of credit towards their VCE: Up to four units at Units 1 & 2 and two units at Units 3 & 4.

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Develop a basic level of physical condition for dance performance
- Develop basic dance techniques
- Follow health, safety and security procedures
- Source and apply entertainment industry knowledge
- Prepare self for a dance performance
- Apply and refine basic dance techniques for performances

*NCAT students must successfully audition to be selected into the course.

EARLY CHILDHOOD EDUCATION & CARE

CHC30113 Certificate III in Early Childhood Education & Care

PATHWAYS

Diploma of Early Childhood Education and Care

Bachelor of Education (Early Years)

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

- Childcare assistant
- Childcare worker
- Early Years teacher
- Family day care worker
- Mobile assistant
- Nanny
- Outside school hours care assistant
- Playgroup supervisor
- Recreation assistant

EARLY CHILDHOOD EDUCATION & CARE

CHC30113 Certificate III in Early Childhood Education & Care

COURSE AIMS

This qualification covers workers who use organisation policies, procedures and individual children's profiles to plan activities and provide care to children, facilitating their leisure and play and enabling them to achieve their development outcomes. Depending on the setting, workers may work under direct supervision or autonomously. This course is a partial completion of the Certificate.

- Implement and monitor environmentally sustainable work practices
- Work within a relevant legal and ethical framework
- Develop cultural competence
- Ensure the health and safety of children
- Provide care for children
- Promote and provide healthy food and drinks
- Provide care for babies and toddlers
- Support behaviour of children and young people
- Develop positive and respectful relationships with children

ELECTROTECHNOLOGY

22499VIC Certificate II in Electrotechnology (Pre vocational)

PATHWAYS

Students who complete the program will have enhanced employment prospects which may lead to employment in the electrical industry or into further education and training.

Participants who successfully complete this program may receive credit toward an apprenticeship in Electrotechnology. The most common pathway is credit towards the Certificate III in Electrotechnology Systems Electrician.

Certificate III in Electrical Electrician

Certificate III in Engineering - Industrial Electrician

Certificate IV in Electrotechnology - Systems Electrician

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Electrotechnology Assembler

Electrical Fitter

Electrical Instrumentation Technician

Electrotechnology Trainer

ELECTROTECHNOLOGY

22499VIC Certificate II in Electrotechnology (Pre vocational)

COURSE AIMS

The course provides both theoretical and practical training that is linked directly to the work that Electrotechnology related technicians undertake.

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for up to five units towards their VCE: three units at Units 1 & 2 and two at Units 3 & 4.

ATAR: Contribution is a 10% increment.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Basic electrical/electronic theory
- Renewable energy concepts and projects
- Electrical wiring theory, regulations and practice
- Electric motor theory and practice
- Integrated work placement

ENGINEERING

22470VIC Certificate II in Engineering Studies

PATHWAYS

The Certificate II in Engineering provides pre employment training for pathways into apprenticeships.

Apprenticeships - Mechanical, Fabrication, Automotive or Electrical

Certificate III in Engineering

Certificate IV in Engineering

Diploma

Advanced Diploma

One year credit into Bachelor of Engineering

CAREER OPPORTUNITIES

The occupations below include all of the people who conceive, design, manufacture, assemble, install, repair, package and sell those products. With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Electrical Engineer

Fitter and Turner

Metallurgical Engineer

Automotive Engineering

Electrician

Manufacturing Engineer

Mechanical Engineering

CAD Engineering Draftsman

Instrument Fitter

Toolmaker

Boiler Maker

WHS Practitioner

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Apply principles of Occupational Health & Safety in work environment
- Perform basic machining processes
- Apply basic fabrication techniques
- Perform basic computational principles in engineering work activities
- Produce basic engineering components and products using fabrication and machining
- Produce basic engineering sketches and drawings
- Using CAD and hand drawing instruments
- Report on a range of sectors in the manufacturing, engineering and related industries
- Undertake a basic engineering project

EVENTS

SIT30516 Certificate III in Events

PATHWAYS

Certificate IV in Travel and Tourism

Diploma of Event Management and Travel and Tourism

Bachelor of Event and Tourism Management

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Conference Assistant

Event or Exhibition Assistant

Functions Assistant

Logistics Assistant

Meetings Assistant

Event or Exhibition Administrative Assistant

Event or Exhibition Operations Assistant

In-House Meetings Assistant

Junior Event or Exhibition Coordinator

Venue Assistant

COURSE AIMS

This qualification reflects the role of individuals who use a range of events administrative or operational skills. They use discretion and judgement and have knowledge of industry operations. They work with some independence under the guidance of more senior event personnel, using plans, policies and procedures to guide work activities.

- Use cookery skills effectively
- Produce dishes using basic methods of cookery
- Produce appetisers and salads
- Produce stocks, sauces and soups
- Produce vegetable, fruit, egg and farinaceous dishes
- Prepare poultry dishes

EFFECTIVE CURRICULUM

The program should align with the requirements of today's employers, including technical, computer, literacy and soft skills.

MARKET RELEVANT SKILLS

The program teaches skills that reflect the needs of the local industry and community.

QUALIFIED TEACHERS

The program's teachers will be knowledgeable and well-equipped to deliver the curriculum to students.

CAREER GUIDANCE

The program will provide guidance and support to students.

TEC is a global initiative that targets... skills can through...

AARON SAYS...

"Give VET a go because it's a great way to get in to the industry you desire."

TEC seeks to partner with business, government and community organizations to increase access to good jobs and develop a growing employment base in communities across the globe.

CASE STUDY | AARON HART

Employers in the automotive industry around the world are experiencing critical shortages of skilled workers. At the same time, they often wish to assist young people to appreciate the career opportunities offered in these skill shortage areas. ONTTC (Outer Northern Trade Training Centre) has teamed up with various industry partners to create the TEC Program (Technical Education for Communities). Cummins Inc., which is the world's largest independent diesel engine manufacturer, leads the program with other industry partners: the Bayford Group, Komatsu, Westar Trucks and PACCAR. They have invested resources to assist ONTTC automotive students by supplying engines, staff training and dedicated engine service tooling. This group partnership supports the students in many ways during the program and with employment opportunities afterwards. The relationship with Cummins in particular also provides real-world work experience in industry placements and access to good jobs within the Automotive, Engineering and Mining sectors.

Aaron Hart was a VCAL student at

Diamond Valley College who completed the two-year Certificate II in Automotive Vocational Preparation at ONTTC in 2019.

He decided to do VET Automotive because he always had an interest in cars and 4WDs and wanted to further his knowledge and enhance his future opportunities. He enjoyed the experience of learning with students from other schools and found that they all became a 'good bunch of mates'. Not only was his VET day a 'great break from school' but it was learning of a more practical kind that suited him. There was also plenty of variety in activities.

Aaron gained a great understanding of basic vehicle systems and tool usage in his VET course. Because he was enjoying it so much he worked hard, was always focused and was rewarded by receiving the VET student of the year award in 2019 at ONTTC. He subsequently was fortunate to secure an apprenticeship at Cummins, where he works to rebuild, service and maintain engines. He is now enrolled in a Cert III Heavy Diesel Technician course at Kangan Institute in Docklands.

INFORMATION, DIGITAL MEDIA & TECHNOLOGY

ICT30118 Certificate III in Information, Digital Media & Technology

PATHWAYS

Certificate IV in Digital and Interactive Games
Certificate IV in Digital Media Technologies
Certificate IV in Information Technology-Networking
Certificate IV in Information Technology-Support
Certificate IV in Information Technology-Web Based Technologies
Diploma of Information Technology
Diploma of Software Development
Advanced Diploma of Computer Systems Technology
Advanced Diploma of Information Technology

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Information Technology Support Technician	Games Developer
Multimedia Developer	Web Designer/Developer
Database/Network/Systems Administrator	Programmer
Information Technology Administrator	Systems Designer
Hardware and Software Maintenance Consultant	

INFORMATION, DIGITAL MEDIA & TECHNOLOGY

ICT30118 Certificate III in Information, Digital Media & Technology

COURSE AIMS

This qualification provides the skills and knowledge for an individual to be competent in a wide range of general information and communications technology (ICT) technical functions and to achieve a degree of self-sufficiency as an advanced ICT user. Persons working at this level will support information technology activities in the workplace across a wide range of ICT areas, including technical support, network administration, web technologies, software applications and digital media technologies.

HOST SCHOOLS

Epping Secondary College
(IVET) (Full Completion)

DAYS & TIMES

Wednesday	12.00pm - 4.00pm (Units 1&2)
Wednesday	12.00pm - 4.00pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or the Work Related Skills Strand.

VCE: Students who undertake partial completion will be eligible for up to four units credit towards satisfactory completion of their VCE: Two units at Units 1 & 2 and a Units 3 & 4 sequence.

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Care for computer hardware
- Administer network peripherals
- Run standard diagnostic tests
- Work and communicate effectively in an IT environment
- Provide basic system administration
- Operate application software packages
- Participate effectively in WHS communication and consultative processes

INTEGRATED TECHNOLOGIES

22289VIC Certificate II in Integrated Technologies

PATHWAYS

The Certificate II is a pathway to TAFE and Higher Education and may lead directly to employment. It is an excellent pathway to a higher degree in Engineering.

Certificate III in Data and Voice Communications

Certificate III and IV in Renewable Energy – ELV

Diploma of Renewable Energy Engineering

Certificate IV in Electrical - Data and Voice Communications

Depending on course electives and VCE subjects chosen, pathways include apprenticeships or traineeships or articulation into higher qualifications in Electrotechnology, Information Technology, Telecommunications, Engineering and Mechatronics.

CAREER OPPORTUNITIES

The Certificate II in Integrated Technologies provides a pathway into industries likely to combine different types of technologies. Understanding electrotechnology and engineering/manufacturing processes can lead to careers as a:

Computer Systems Engineer
(tertiary level study)

Engineer

Telecommunications Technician

Mechatronics System Engineer
(advanced manufacturing)

Computer Networking Technician

Information Technology Paraprofessional

INTEGRATED TECHNOLOGIES

22289VIC Certificate II in Integrated Technologies

This course is subject to change in 2021

COURSE AIMS

The course is a practical and theoretical training in the knowledge and skills in the Electrotechnology, Information Technology and Telecommunications industries. The course is an introduction to Electrotechnology and may include an introduction to the NBN or Computer Networking industries.

HOST SCHOOL

Northern College of the
Arts & Technology

DAYS & TIMES

Wednesday	1.30pm - 5.30pm (Units 1&2)
Thursday	1.30pm - 5.30pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Recognition of two units at Units 1 and 2 level and a Units 3 and 4 sequence.

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Computer networking theory and practical tasks
- Computer hardware and operating systems
- Wireless networking
- Telecommunications cabling and related technologies
- Solar and wind powered energy systems
- Coding, automation and robotics (Arduino, C++, VEX)
- Use of CAD, programming of microcontrollers, robotics, 3D printing and process automation to develop products from conceptualisation to final production

LABORATORY SKILLS

MSL30116 Certificate III in Laboratory Skills

PATHWAYS

The Laboratory Operations Training Package is designed to address the training needs of the laboratory operations industry and it covers sectors such as biological testing, biotechnology, chemical testing, construction material testing, environmental monitoring, food testing, mineral assay, pathology testing and scientific glassblowing.

Certificate IV in Laboratory Techniques

Diploma of Laboratory Technology

Diploma of Laboratory Technology – Biological and Environmental Testing

Diploma of Laboratory Technology – Biotechnology

Diploma of Laboratory Technology – Pathology Testing

Advanced Diploma of Laboratory Operations

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Support Staff to scientists in Research, Education & Industry	Laboratory Attendants
Laboratory Assistant/Manager	Instrument Operators
Laboratory Technician	Senior Technician

LABORATORY SKILLS

MSL30116 Certificate III in Laboratory Skills

COURSE AIMS

Certificate III in Laboratory Skills provides students with the necessary knowledge and skills associated with the day-to-day operation of a laboratory and associated technical tasks such as sampling and testing. Units 1 and 2 of the program include recording and presenting data, planning and conducting laboratory/field work, maintaining the laboratory fit for purpose, with electives such as performing basic tests and assisting with fieldwork included. Units 3 and 4 offer scored assessment and incorporate units such as performing aseptic techniques, contributing to the achievement of quality objectives, preparing working solutions and performing microscopic examinations.

HOST SCHOOL

Mill Park Secondary College
(Box Hill Institute)

DAYS & TIMES

Wed 1.30pm - 5.00pm (Units 1&2, 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: On completion students will be eligible for up to six units of credit towards their

VCE: Four units at Units 1 & 2 and a 3 & 4 sequence.

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Participate in environmentally sustainable work practices
- Communicate with other people
- Plan and conduct laboratory/field work
- Record and present data
- Maintain the laboratory fit for purpose
- Participate in laboratory/field workplace safety
- Receive and prepare samples for testing
- Perform basic tests

MAKE UP

SHB30215 Certificate III in Make Up

PATHWAYS

Certificate IV in Beauty Therapy

Diploma of Beauty Therapy

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Make-Up Artist (fashion, beauty, photography & freelance)

Beauty Therapist

Make-Up Retail Sales Person

MAKE UP

SHB30215 Certificate III in Make Up

COURSE AIMS

The Certificate III in Make Up program provides skills and knowledge to undertake roles as make-up artists designing and applying make-up across the beauty, fashion, media and entertainment industries. Skills are developed for work in make-up studios, retail cosmetic counters, fashion and media sets, and photography studios.

HOST SCHOOL

IMVC at NCAT
(IMVC)

Term 3 Sept Hols (7 days req'd)
Week 1 PM class (4 days)
Mon 20 Sept to Thu 23 Sept,
9.30am - 4.30pm
Week 2 AM class (3 days)
Mon 27 Sept to Wed 29 Sept,
9.30am - 4.30pm

Units 3&4

Thursday

AM Class Thu 9am - 1pm OR
PM Class Thu 1.30pm - 5.30pm

Compulsory Holiday Block

Term 1 Easter Hols

AM class only Tue 6 April to Fri 9 Apr,
9.30am - 4.30pm
PM class only Mon 12 Apr to Fri 16 Apr,
9.30am - 4.30pm

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Recognition of up to four units at Units 1 and 2 level and a Units 3 and 4 sequence.

ATAR: Students who receive a Units 3 and 4 sequence will be eligible for an increment towards their ATAR.

STRUCTURED WORKPLACE LEARNING

Minimum SWL requirements over duration of program:

Number of hours - 80 hrs / 2 weeks over 2 years. Strongly recommended but not required. The placement can be in any retail outlet and not necessarily confined to the make-up/cosmetics industry.

THIS COURSE MAY INCLUDE

- Design and apply make-up
- Design and apply make-up for photography
- Design and apply remedial camouflage make-up
- Apply airbrushed make-up
- Design and apply creative make-up
- Research and apply beauty industry information
- Provide salon services to clients
- Comply with organisational requirements within a personal services environment
- Apply safe hygiene, health and work practices

MUSIC INDUSTRY

CUA30915 Certificate III in Music Industry (Performance Stream)

CUA30915 Certificate III in Music Industry (Sound Production Stream)

PATHWAYS

Certificate IV in Music Industry

Diploma of Music Industry

Advanced Diploma of Music Industry

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Musician

Singer

Stage Producer

Director

Digital Audio Technician

Broadcaster

Sound and Lighting Technician

Music Technician

Songwriter

Music Editor

Stage Manager

Sound Engineer

Music Editor

MUSIC INDUSTRY

CUA30915 Certificate III in Music Industry (Performance Stream)

This course is subject to change in 2021

COURSE AIMS

Students undertake a wide range of activities related to music performance including song writing, improvisation, developing repertoire, musicianship, accompaniment and group work, investigation of genre and development of stagecraft.

HOST SCHOOLS

Wednesday 9.00am -12.30pm (Units 1&2)
Wednesday 1.30pm - 5.00pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Recognition of two units at Units 1 and 2 level and at least one Units 3 and 4 sequence.

ATAR: Scored assessment is available for this program.

*NCAT students must successfully audition to be selected into the course.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Address copyright requirements
- Compose a simple song or tune
- Develop and practise improvisation
- Maintain self or group in music
- Performance craft, developing repertoire
- Improvisation, learning parts from recordings

MUSIC INDUSTRY

CUA30915 Certificate III in Music Industry (Sound Production Stream)

This course is subject to change in 2021

COURSE AIMS

This course is a pathway for students into a career or further study embracing their passion for music and audio. It provides a broad basis of industry knowledge and skills that can be applied in multiple life and work experiences. Students work as a class and in small groups to complete practical projects, written work and computer tasks.

HOST SCHOOLS

Wednesday 9.00am - 12.30pm (Units 3&4)

Tuesday 1.30pm - 5.00pm (Units 1&2)
Wednesday 3.15pm - 7.30pm (Units 3&4)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Recognition of two units at Units 1 and 2 level and at least one Units 3 and 4 sequence.

ATAR: Scored assessment is available for this program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Understanding microphone types and placement techniques
- Analogue and Digital audio, signal processing, recording software, and mixing consoles
- Band PA systems, outdoor and stadium PA systems
- Producing and engineering recorded music
- Understanding copyright, contracts and income streams

NATIONALLY RECOGNISED
TRAINING

MUSICAL INSTRUMENT MAKING & MAINTENANCE

22305VIC Certificate III in Musical Instrument Making and Maintenance

PATHWAYS

Certificate IV in Musical Instrument Making and Repair

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Work within Music, Theatre Repair and Design for quality musical instruments

Retail in musical instruments

Manufacturing of musical instruments

Replicating period instruments for period music

Touring music group technician

Maintaining music instruments instore

MUSICAL INSTRUMENT MAKING & MAINTENANCE

22305VIC Certificate III in Musical Instrument Making and Maintenance

This course is subject to change in 2021

COURSE AIMS

The aim of this qualification is to provide the skills and knowledge for a musical instrument maker to design, make and maintain quality musical instruments.

HOST SCHOOL

Northern College of the
Arts & Technology

DAYS & TIMES

Wed 9.00am - 3.15pm (Units 1&2, 3&4)
Two-year course

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Partial or full completion of this program may contribute via Block Credit recognition to completion of the VCE.

ATAR: Where a Unit 3 & 4 sequence is achieved towards the VCE it may provide a 10% increment towards the ATAR subject to VTAC policies.

THIS COURSE MAY INCLUDE

- Use finishing hand and power tools
- Assemble instrument components
- Construct jigs and fixtures
- Perform soft soldering
- Construct and apply decorative treatment and hand finishing of musical instruments
- Set up, operate and maintain basic static machines
- Maintain percussion and woodwind instruments
- Make special stringed instruments
- Read and interpret work documents
- Make measurements
- Participate in environmentally sustainable work practices
- Work safely
- Work in a team & communicate in the workplace

Instruments students make include: Percussion (Stomp box, cajon and xylophone) solid electric guitar, folk wind instruments, tenor ukulele and a traveller guitar.

CASE STUDY | ALLY MURRAY

Ally has always loved drawing; creating stories through the characters she designs. This passion led her to begin Certificate II in Visual Arts at NCAT in Year 10. This was a transformative experience for her as she was able to experiment with different materials such as watercolour, acrylic paints and collage in creating her art. She was inspired by workshops with former students and practising artists, giving her insight into new techniques and other mediums and learning about their artistic journeys. Visual Arts helped to develop her artistic ability and to win a Darebin Recycling Design competition. She also found success as a finalist in the ACMI animated short film competition. These experiences helped her to realise which pathway she wanted to follow.

Subsequently, after one year, Ally switched to complete the two-year Certificate III in Screen & Media, Creative and Digital stream at NCAT. In this course, she learnt about program basics, coding, website design, video game design and animation – those areas which catered to her

main artistic interests.

At present, Ally is enrolled in the Post Year 12 Folio Preparation Course Certificate IV in Design at NCAT, with a focus on character design and animation. It gives her the opportunity to create a strong portfolio in preparation for university and to cultivate artistic expression in the stimulating vibrant atmosphere and community NCAT offers.

NCAT has a Direct Pathways Partnership with Swinburne University of Technology for graduates of their renowned Folio Preparation Program. Upon completion of this course, Ally will be able to choose from a range of design courses at Swinburne or other universities. Her future plans are to either enter the film and television Industry as an animator or the video games industry as a concept artist/character designer.

Ally's advice to other students is to have fun with the work you are engaged in and to challenge yourself when you can.

PLUMBING

22304VIC Certificate II in Plumbing (Pre-apprenticeship)

PATHWAYS

Certificate II in Metal Roofing and Cladding
 Certificate III in Plumbing
 Certificate III in Plumbing (Mechanical Services)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Recognition of up to 3 units at Unit 1 and 2 level and a Units 3 and 4 sequence.

ATAR: Students who receive a units 3 and 4 sequence for VCE VET Plumbing will be eligible for an increment towards their ATAR (10 per cent of the lowest study score of the primary four studies). The increment is awarded by the Victorian Tertiary Admissions Centre (VTAC).

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Use pipes, fittings and fixtures to simulate plumbing installations
- Use basic plumbing hand tools and power tools
- Use basic electric welding equipment and techniques
- Perform basic oxy-acetylene welding and cutting
- Fabricate simple plumbing pipe systems
- Apply basic sheet metal practices
- Work safely in the construction industry
- Read and interpret plans and specifications

RETAIL COSMETICS

SHB20116 Certificate II in Retail Cosmetics

PATHWAYS

Certificate III in Beauty

Certificate IV in Beauty Therapy

Diploma of Beauty Therapy

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Beauty Therapist

Make-Up Artist

Aroma Therapist

Retail Sales

Salon Manager

RETAIL COSMETICS

SHB20116 Certificate II in Retail Cosmetics

COURSE AIMS

This course will provide you with a solid foundation in beauty theory and practice. The course is very hands-on and has a strong employability skills focus. You will learn how to design and apply make-up, design and apply make-up for photography, provide service to clients, work effectively in the retail environment all whilst gaining knowledge of the beauty services industry. The course also enables you to learn valuable work and life skills such as time management, communication and personal development skills – helping you to become a confident, competent and professional beauty therapist or make-up artist. This is a one-year program.

STRUCTURED WORKPLACE LEARNING

It is strongly recommended that students undertake a minimum of 80 hours.

THIS COURSE MAY INCLUDE

- Prepare clients for salon services
- Dry hair to shape
- Maintain tools and equipment
- Maintain and organise work areas
- Follow personal health and safety routines at work
- Work effectively in a retail environment
- Apply safe working practices
- Communicate in the workplace
- Perform head, neck and shoulder massage
- Develop hairdressing industry knowledge
- Apply temporary hair colour and remove residual colour products
- Assist colleagues providing multiple salon services as a team member (work placement)
- Apply single, two and three strand braiding techniques

SCREEN AND MEDIA

CUA31015 Certificate III in Screen and Media

PATHWAYS

The general skills acquired by this course have applications across a range of traditional industry sectors, including graphic design, advertising, publishing, computing, pre-press film/video/TV production, information design, visual and performing arts.

Certificate IV in Screen and Media

Diploma of Screen and Media

Bachelor of Multimedia and Digital Arts

Bachelor of Design (Digital Media)

Advanced Diploma of Screen and Media

Advanced Diploma of Creative Product Development

Bachelor of Games and Interactivity

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Graphic Designer

Editor

Multimedia Developer

Web Content Manager

Media Producer

Photographer

Games Developer

Production houses

Publisher

Screen Printer

Corporate video

Advertising agencies

SCREEN AND MEDIA

CUA31015 Certificate III in Screen and Media

(Focus: Creative & Digital Media OR Games Development)

This course is subject to change in 2021

COURSE AIMS

This course is designed to expose students to commercial practices in a range of multimedia with focus on digital design, website design, sound and animation. This should prepare students for further education at TAFE or University and give students the opportunity to produce a folio of work.

The Games Development focus at Diamond Valley College will teach students how to develop a game from initial concept to playable demo. Using the Unreal Engine 4, art and scripts, students design gameplay mechanics and refine them while learning the entire development pipeline. Students will satisfy the requirements for the Cert II Creative Industries (CUA20215) in the first year of the program.

- Assist in preparing and conducting sport and recreation sessions

VISUAL ARTS

CUA20715 Certificate II in Visual Arts

PATHWAYS

Certificate III in Visual Arts

Certificate IV in Visual Arts

Diploma of Visual Arts

CAREER OPPORTUNITIES

With additional training and experience possible future career opportunities may include work in the following areas/sectors:

Visual Artist	Illustrator	Sculptor / Object Designer
Graphic Designer	Printmaker	Concept Artist
Set Painter	Designer	Portrait Painter
Art Critic/Writer	Art Teacher	Art Therapist

VISUAL ARTS

CUA20715 Certificate II in Visual Arts

This course is subject to change in 2021

COURSE AIMS

The course is an introduction to art and design providing opportunities to extend skills beyond a normal school setting. Students use a broad range of materials, equipment and techniques and are encouraged to explore and experiment. Students develop a portfolio of artworks and work with visiting artists and designers. This is invaluable for future pathways considerations. This is a two-year program.

HOST SCHOOL

Northern College
of the Arts
& Technology

DAYS & TIMES

Wednesday 9.00am - 12.30pm OR
1.30pm - 5.00pm (1st year)
Wednesday 9.00am - 12.30pm OR
1.30pm - 5.00pm (2nd year)

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or Work Related Skills Strand.

VCE: Partial or full completion of this program may contribute via Block Credit recognition to completion of the VCE.

THIS COURSE MAY INCLUDE

- Participate in OHS processes
- Make simple creative work
- Use and develop drawing techniques
- Develop painting skills
- Develop sculptural skills
- Develop printmaking skills
- Source and use information relevant to arts practice

Students receive a block credit for successfully completed units attained at Unit 1 and 2 level. Please note this is not VCE VET therefore will not contribute to an ATAR. Students need to complete the two years to gain the full qualification.

SCHOOL BASED APPRENTICESHIPS & TRAINEESHIPS

The programs on the following pages are offered as Australian School based Apprenticeships and Traineeships. The following information should help you to understand how these work.

School based Apprenticeships and Traineeships (SBAT) allow students over 15 years of age to work as paid part time trainees or apprentices in a business whilst still completing their secondary school education. SBATs can form part of a student's VCE or VCAL.

A SBAT is a great option if you wish to enter the workforce and also complete your senior school years. The program offers you a chance to get a head start in career planning whilst completing the last two or three years of your education. You also get paid!

YOU WILL:

- Be enrolled in Year 10, 11, 12 VCE or VET
- Sign a Training Contract together with the employer, RTO and your parents
- Be paid while you train
- Attend the Host School one day a week, during or after school or on block release
- For all students participating the equivalent of 7 hours of training or work must be allocated as part of their school timetable
- Commit to 10-15 hours per week in work and training.

WHO IS ELIGIBLE TO BE A SCHOOL BASED APPRENTICE OR TRAINEE?

- Students 15 years of age or over who are permanent residents of Australia
- Students who are wishing to complete their secondary studies
- Students who are prepared to commit to a minimum of 15 hours a week in work and training
- Students who will need to be available during the school week, weekends or school holidays
- Students in Years 10-12
- Students who can manage their time between three settings: school, work and training.

CPC30211 Certificate III in Carpentry (SBAT)

COURSE AIMS

The SBAT is designed for students entering the Building and Construction Industry who want to become carpenters. Students are taught a range of building modules from the carpentry stream. This course is a partial completion of the Certificate.

HOST SCHOOL

Parade College, Bundoora

DAYS & TIMES

Friday 7.00am - 3.00pm (1st, 2nd and 3rd year)

Three-year program

Plus one day per week of work placement with an employer

CONTRIBUTION TO

VCAL: This program contributes to the Industry Specific Skills Strand and/or the Work Related Skills Strand.

VCE: This program may provide credit at Units 1 - 4.

ATAR: Where a Unit 3 & 4 sequence is achieved towards the VCE it may provide a 10% increment towards the ATAR subject to VTAC policies.

STRUCTURED WORKPLACE LEARNING

Students will exceed 180 hours of Structured Workplace Learning in this Certificate III.

THIS COURSE MAY INCLUDE

- Workplace safety and induction
- Workplace procedures
- Building structures
- Safe handling and use of power tools
- Carpentry hand tools
- Introduction to demolition
- Building set out
- Levelling
- Calculations for the building industry

NMVC MEMBER SCHOOLS 2020

The Northern Melbourne VET Cluster (NMVC) is a consortium of secondary schools that have joined forces to improve the provision of VET programs in the Northern Region of Melbourne. The NMVC has 52 member schools from the State, Catholic and Independent education sectors.

The Northern Melbourne VET Cluster is a self-funded model supported by the schools based on an annual membership fee.
