

THE 5C TIMES

BY VERITY WEETMAN AND GENEVIEVE LORIO

Breaking News

We have a sudden outbreak of COVID 19 cases. Back in lockdown for the 6th time but we will get through it and be back to school. We are a strong country and will defeat COVID 19.

South Africa has had looting and burning of shopping malls after Jacob Zuma got arrested For 15 months because of Contempt to court.

5C news

5C has been learning about fractions and how to convert them to improper fraction, Also the other way round. here is a mystery student to Tell you how it is done. The Numerator is the top number and the Denominator is the bottom number. 1, 2/4 is the same as 6/4. So if the 1 is a whole out of Quarters then add the 4ths (Which is the quarters) to the 2.

Sports

This week with sports this is what happened, first of all the Olympics finished, Australia came 6th overall with 22 bronze medals, 7 silver medals and 17 gold medals. Emma McKeon won four of those 17 gold medals.

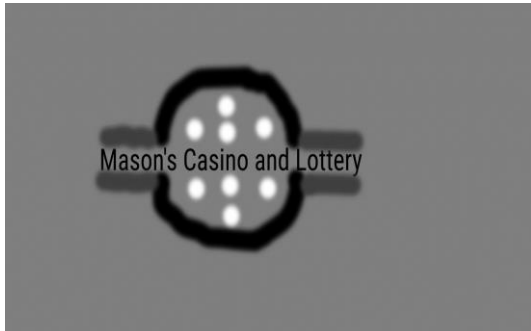

Now onto athletics everyone was looking forward to athletics but sadly it got cancelled due to the coronavirus. Hopefully it will get postponed and everyone I am sure will be as excited again. If not, some people will still go into districts if they made it in sport lessons.

Now let's get into what we are doing in home sport lessons, we watched a video of high jump technique. Also making our own Olympic adventures

Librarian interview and book review

We interviewed the librarian Chloe marsh. These were her answers.

1. Why do you like this job? *I like this job because it has things I like doing, reading writing and helping people.*
2. What do you do in your job? *I organize bookshelves, recommend and scan books.*
3. What book are you currently reading? *I am reading waltz for Matilda, by Jackie French.*
4. When do you do your job? *Tuesday for scanning at Library and Friday for organising the 5,6 library.*
5. What's your salary? *15 BB a week.*

The book that I would recommend is the rainbow fish. The moral of the story is to always share and not ignore people if they're different to you. It's about a rainbow and a bunch of ordinary fishes. The ordinary fishes ask the rainbow fish if they can have some of its scales and the rainbow fish is bragging and saying that they can't have any because it's better than any other fish. Then he realises how it would feel if he did that to someone else and makes friends with all of them.

Riddles:

1. If you don't keep me, I will break. What am I?
2. I am as light as a feather but the strongest person can't hold me for more than 5 minutes. What am I?
