**Registrations are essential. To find out more about the tours, and to register to attend, please visit [Deakin Campus Tours 2022](#).**

## **Studying Design Courses at RMIT**

*Whether you're passionate about graphic or interior design, merchandising or animation, study at the #1 design university in Asia Pacific.*

RMIT offers a range of courses for students who are creative, curious, and keen on studying the creative arts.

**Students are encouraged to browse [this link](#) to find out about all that is on offer.**

➤ **New Acting (Performance) Courses**

We are excited to officially announce our *new* Bachelor of Creative Arts (Acting) and Diploma of Creative Arts (Acting) courses which have commenced in February 2022.

New and emerging trends in technologies and theatre, screen and other media are creating diverse ways for consumers to engage with the arts and performance. These new trends are driving an increased demand for contemporary and entrepreneurial actors.

JMC's Acting Courses are designed to produce commercial, working actors, ready to jump into a multitude of performance careers.

Find out more by browsing [Diploma of Creative Arts \(Acting\)](#) and [Bachelor of Creative Arts \(Acting\)](#).

➤ **New Music Production Specialisation**

Students can now elect **Music Production** as their specialisation in Bachelor and Diploma of Music courses. This specialisation covers *essential writing and production techniques across varying styles, instrumentation, and projects*. The Music Production course will equip students in creating their own creative compositions in the studio - whether it be pop production, EDM tracks, atmospheric instrumental music or detailed productions for games, advertising, or Film and TV projects.

Find out more at [Music Production](#).

➤ **Monash Explorer**

*Discover life at Monash University anytime, anywhere. Select how you would like to explore.* Students are encouraged to have a look at the [Monash Explorer](#) web page where students have the option of looking at **areas of study** and which campuses offer the courses, or **campuses** and what courses are offered there.

➤ **Primary Teaching**

*Do you dream of making a difference? Do you love awakening young minds? Primary teaching could be the job for you.* At degree at Monash will equip students with the skills and techniques to harness young student's natural curiosity and to engage their young minds in learning for life.

Monash has structured its degrees to allow teachers to focus on their chosen specialisation, while gaining qualifications to teach in more than one age group. So, with five ways to get qualified in primary teaching, the [Bachelor of Education \(Honours\)](#) can also qualify students to teach at a secondary level, early childhood, or health and PE.

➤ **New Bachelor of Data Science**

The ***Bachelor of Data Science*** has been designed for students with an interest in *statistics, data analysis, machine learning* and *software development*. The course has an industry-focused curriculum with a focus in practical expertise.

With market information and technology evolving at great speed, skilled professionals are needed to transform data into actionable insights for business. The Bachelor of Data Science is designed to meet this demand and give students the tools to analyse trends for business success, and launch a career perfectly aligned to industry needs.

Students will gain targeted expertise in:

- mathematics and statistics
- exploratory data analysis
- machine learning
- regression
- classification
- clustering techniques
- text analytics
- image and speech processing.

The VCE entry requirements are the completion of the VCE or equivalent, Units 3 and 4: a study score of at least 25 in English (EAL) or 20 in any other English, plus a study score of at least 20 in Mathematics (any).

Find out more about this course at [Bachelor of Data Science](#).

➤ **Free TAFE course Pathway into the Bachelor of Business**

VU Polytechnic's [Diploma of Accounting](#) provides students with the training and knowledge necessary for a range of accounting careers. It is delivered by expert staff and aligned with the skills and jobs that are in demand from Victorian employers. This 6-month course is not only *free* but, on completion, guarantees entry into the [Bachelor of Business](#) with credit.

**Australian Apprenticeships and Traineeships Information Service**

The ***Australian Apprenticeships and Traineeships Information Service (AATIS)*** offers pathways information to students, job hunters, career advisers and employers. The website, app and resources are used by schools, parents, friends, and supporters providing career planning and direction. AATIS is free to use and is funded by the Australian Government Department of Education, Skills and Employment.

The Australian Apprenticeships Pathways website - [AAPathways](#) - is a hub providing in-depth information about Australian apprenticeships and traineeships, including over 2,000 sample job and training descriptions, steps on how to find an apprenticeship, industry-based job pathways charts and practice literacy and numeracy quizzes.

Students are encouraged to browse both the [AAPathways website](#), as well as the [AATIS website](#).

## Veterinary Science Degrees in 2022

Included in this matrix are a range of courses specific to *Veterinary Science* or *Veterinary Technology* or *Veterinary Medicine* on offer across Australia.

Veterinarians diagnose, treat and help to prevent disease and injury in animals. They advise on measures to prevent the occurrence or spread of diseases and on ways to improve the health and productivity of animals and supervise safety standards on food supplies. (Good Careers Guide).

Veterinary Science and Veterinary Medicine are similar fields – both involve working with animals, however careers in veterinary medicine focus on hands-on animal care, while veterinary science careers tend to focus more on research and instruction (Indeed Careers Guide)

Note: Veterinary Nursing and Veterinary Bioscience are listed in the *Animals, Conservation, Wildlife & Zoology* Matrix
