

Sally Carroll

My name is Sally Carroll. I am a 47-year-old woman who has dedicated the last 27 years as a Clinical Nurse Specialist at The Alfred Brain Department. The types of patients I provide bed side care to have had acquired brain injuries or have been diagnosed with conditions associated with Neuro trauma and Neurosurgical conditions, stroke, neurology, and epilepsy. I spend my time there managing life threatening conditions and complications

and teaching and scaffolding our less experienced work force. I am also a mother of two. I have a son (16 yo) with ASD/ADHD and a significant anxiety disorder as well as a daughter who has commenced her journey at CSC this year. My son attends a special school in Hampton. I also run a business after hours in cosmetic nursing (botox /fillers) and am planning to take 6 months of long service leave this year, so I will have spare time to focus on the requirements of school council. I am a good communicator, an empath and a hard worker who can think critically and openly.

Many thanks for this opportunity,
Warm regards,
Sally Carroll

Susannah Bowen-Wheatly

Hi, I'm the current President of Chelt.Sec School Council. I have been Treasurer and now President, and worked on sub-committees Engagement & Communications, Finance and Buildings & Grounds. My professional background is in marketing in the education sector, so the skills I bring to Council are around helping to improve communication, strategic planning, fundraising, and community engagement.

As a Chelt parent, I have experienced both ends of the spectrum with my children's needs: one needed the challenge of the accelerated program, another needed academic and wellbeing support. I hold a strong interest in diversity, inclusion, and wellbeing, and their significance for our school. In my time with Council so far, I have contributed to communication planning and the website update, lobbied for funding for buildings and grounds, underlined the importance of wellbeing and diversity, established the Chelt.Sec parents & family Facebook group, pushed along rejuvenation of Parents & Friends, and rick-rolled the entire school student body.

I enjoy working with the energetic and proactive School Council and I believe it's critical to engage parents, carers, and staff and the wider community to help create the amazing learning environment our children deserve.

John Stefanou

As a parent of two children that have already graduated from Cheltenham and achieved tertiary Degree's and a Master's including a third child currently in VCE year 11 I am passionate about what this school and the students can achieve and can represent to the community as I have witnessed it first-hand.

I would like to bring my experience to the school council by contributing to the

development of the school strategic plan that will provide the necessary life skills, cultural understanding and academic excellence our kids strive for and deserve.

Particularly I would contribute and focus on developing, monitoring, reviewing and updating policies on how the school expects students to behave, how bullying will be managed and the school's approach to managing student behaviour including the School Dress Code to and from school. We want the community to identify our students as being studious, courteous and respectful always. As a local business owner, I would assist in developing strategies to raise money for things that the school needs and making sure the school's grounds and buildings are maintained.

I would also assist provide assistance for entering into contracts for things like cleaning the school or a school council building project with the aim of making Cheltenham Secondary College the first choice for students in the local area and beyond.

Ester Yefet

Hi families and Cheltenham Secondary College community members,

My name is Etty Yefet I am the mum of 2 children at Cheltenham secondary. Hili in year 10 and Lior in year 9. I have been part of the school council for the past 3 years and am thrilled at the possibility of continuing my part in ensuring our school, students, teachers and community have the best possible outcomes.

I work in Early childhood Education and am passionate about ensuring policy is fair and equitable for all involved especially our young people.

I look forward to getting to know our new families and connecting with our extended community.
