There's only one way to choose a Uni – they've got to experience it.

Students who might have missed out on the recent Open Day events, or who might like a bit more of a personal tour of the university campuses, are encouraged to register for a Campus Tour these upcoming school holidays.

Bachelor of Educational Studies

*The **Bachelor of Educational Studies** has been designed for domestic and international students who are passionate about becoming teachers, but do not achieve the entry requirements to go directly into one of the suite of Education degrees.*

Although the 3-year **Bachelor of Educational Studies** allows students to gain a qualification to work in education-related fields other than teaching, it is also designed as a pathway for students who wish to consider future study in teaching in Early Childhood and Primary Education. Eligible students who successfully complete their first year of study (subject to meeting certain progression and non-academic requirements) may apply for transfer into the second year of the Bachelor of Education suite of courses. Students who complete the three years of study can progress to a postgraduate Initial Teacher Education qualification.

Students should note that this course alone will not lead to early childhood, primary or secondary teacher registration in Australia.

Find out more at [Bachelor of Educational Studies](#).

Diploma of Teacher Education Preparation

*The **Diploma of Teacher Education Preparation** may be the right study choice for students with the motivation, capability, and personal attributes to be a great teacher.*

The **Diploma of Teacher Education Preparation (Dip TEP)** is an accredited qualification aimed at domestic students who do not initially meet the minimum ATAR for teaching. Successful completion of the Dip TEP will ensure that students graduate with the prerequisite knowledge and skills to undertake a rigorous undergraduate teacher education course. The Dip TEP supports students to meet the literacy and numeracy standards they will need in order to graduate with a teaching qualification and supports them to meet the demands of study at a higher education level.

The course introduces them to contemporary issues in education and to teaching as a profession, including practical school-based placement.

The course is offered by a number of institutions, including [ACU](#), [RMIT](#), [Swinburne](#), and [VU Polytechnic](#).

MONASH University

Elite Student Performer Schemes

➤ **Entry Scheme**

Monash is committed to helping students combine academic success with sporting or performing arts success. We know that for an elite athlete or performer, your ATAR might not accurately reflect your ability and we acknowledge the commitment and time it takes to be at the elite level and how this can affect your studies.

Students who are elite athletes or performers, may be eligible for **Monash University's Elite Student Performer Entry Scheme**.

Visit [Elite Student Performer Entry Scheme](#) and find out more about eligibility criteria, and the application procedure.

➤ **Support Scheme**

Monash University is committed to helping its students combine academic success with sporting or performing arts success through our Elite Student Performer Support Program.

The university provides a range of support services and benefits to students who are competing or performing at an elite level in their sport or discipline (i.e., at the National or International level).

This support will help student members to balance their commitments to both their studies and their sport/discipline and manage any conflicts that may arise.

Find out more at [Elite Student Performer Support Scheme](#).

Elite Athletes and Artistic Performers Entry Scheme

If you're an elite athlete or performing artist, you may be eligible for the Elite Athletes and Artistic Performers Entry Scheme.

Additional consideration can be given for entry into Melbourne undergraduate and graduate degrees to applicants who:

- are an Australian or New Zealand citizen or Australian permanent resident or holder of a permanent humanitarian visa
- are recognised as an elite athlete or performing artist by one of [these organisations](#)
- meet the prerequisites (and any other published entry requirements) of the course
- can demonstrate that they have undertaken elite training, competition, performance and/or practice commitments whilst preparing for entry to the University of Melbourne.

The athletic or performance activity applicants nominate cannot be associated with the degree they are applying for, i.e., elite musicians applying for the Bachelor of Music.

Eligible athletes can also apply to Melbourne's [Elite Athlete Program](#) for sports scholarships and support.
