## Sovereign Hill Camp

The grade 5/6's left on the bus on the 25<sup>th</sup>-27<sup>th</sup> of April. On the way we stopped at a park to eat, and we also stopped at the Eureka Centre to learn about the Eureka Stockade.

When we arrived at the lodge we put our luggage in the hallway. We then went into town and bought some lollies and whistles. A few hours later we ate butter chicken for dinner which was delicious. After we then went to our cabins, the boys were in the Northern Barracks, and the girls were in Esmond Terrace. It took me and my cabin about 2 hours to fall asleep. My favourite part was the mine tour before dinner.

On day 2, I woke up and got dressed, then we went to eat breakfast. Then we went to the school clothes cabin and got in our roleplay clothes. We then headed to the old school. I ended up crying. Then we finished school and went back to get into our normal clothes. Then we left to eat spaghetti Bolognese, and after NATHAN VOMITS!! After that we went to a pantomime show and one of the actors hit the griddy. As we went back, we saw the Southern Cross. We went back to our cabins, so me and Luther had a shower. Then we went to bed.

On day 3,(the final day) I woke up and we left to get in our roleplay clothes. Once school ended, we packed our luggage onto the bus. It took some hours to get back to school, and once we did, it was pouring down hard. We went into the gym, and waited to be picked up.
