

# LITTLE MUSIC LAB

## *Join us for the July School Holiday Program at Abbotsford Convent!*

In partnership with the Melbourne Conservatorium of Music's IgniteLab Creativity Fund, Little Music Lab presents a program of learning and play through music technology for kids aged 4-8. Workshops will give children access to real world professional recording and performing equipment in a fun and interactive way.

We will explore graphic scoring, making instruments, improvising in a group, the physics of sound, composition, recording, sampling and much more!

At the end of each session we will send home songs that your children made to listen to anytime! Head over to our website or facebook page to make bookings!

**Where:** **Abbotsford Convent**

**When:** **every weekday of the July School Holidays**

**Price:** **\$20 per session (\$10 per extra child)**
