Dear Parents,

All Year 3 to 6 students will need a Chromebook for use at school in 2026. This Chromebook will be used at school and home for your child's learning.

Purchasing Chromebooks

- **BYOD**

Devices **must** be Chromebooks. We can not enrol and manage Windows and Apple devices. All Chromebooks **must** be enrolled in our management system.

BYOD devices will require a \$61 fee to cover the Chrome management license. This one-time fee will cover the device for the duration of the student's time at the school.

Devices must be wiped/factory reset during the enrolment process. This means any existing data or personal content on the device will be erased. **Device Identification**

To support device tracking and safety:

Custom skins will be added to each Chromebook's top cover. These help us identify year levels easily and maintain a consistent, school-branded appearance.

Please know that this step is being implemented with student safety as our top priority. A consistent and secure digital environment helps us create a safer learning space for all students.

Response

Please complete and return the form below to accept your intention to participate in this program by the **28th November 2025**

Software and applications will be managed by the school until your child exits St Augustine's Primary School.

Yours sincerely,
Carrie Rodda

Carrie Rodda
Principal

Child's Name.....
