

# Getting into the athletic spirit!!!

Sporty Spice

## Mini Olympics Day

On the 29th of July, my school had a Mini Olympics. I was dressed in Italy and dressed up in blue clothes. We started the day by marking the roll. Then did our normal routines. Spelling, Reading and Writing, after that it was recess.

Everyone then got into our groups, and Mr Baird gave us a task to do with 20 flags and we had to write the names of the country on the papers Mr Baird gave us.

After, we got to do an even better task and made me hungry to name the food to its native country.

We all had lunch then came inside to a match of scissors, paper, rock. We got to compete

against Australia and my sister Elsie was first and beat me and Mr Baird put it in the newsletter as sister vs sister.

After that Mr Baird handed the awards out. Then got on the bus and remembered the fun we had.
