Dear Isabella

Thank you for your letter of 26 April 2021 regarding the Premier's ANZAC Student Tour (PAST) throughout Western Australia.

I was pleased to hear of the positive impact that this trip has had on you and the greater understanding it has given you of the ANZAC legacy across Western Australia.

As someone who has undertaken an ANZAC Student Tour many years ago with students like yourself – I know the feeling of pride and of amazement that I felt whilst visiting these ANZAC sites.

I would encourage you to continue to share your experiences with those around you so as to honour the memory of those who served during the war.

I hope this experience stays with you always and I wish you all the best for your future endeavours.

Yours sincerely
